Dear Ms. Bayo':

Sprint has recently completed a reorganization of the state regulatory operation. State regulatory matters involving all Sprint entities in the State of Florida will be the responsibility of Sprint's State Regulatory organization in Tallahassee under the direction of Jerry Johns.

Please remove Monica Barone from the service list of all dockets at the Commission where Sprint Communications Company Limited Partnership is listed as a party. This removal should include the Records Fax Server generated by the Case Management System.

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me.

Sincerely,

Tony H. Key

Subject: 990649 Distribution

I was wondering if it would be possible when "stuff" comes in for 990649 if all the copies but Legal's could be sent to me. I know we did this with the testimony, but I'd like to continue it with routine filings. I have been having copies made for those on the docket, and I found out some stuff had been sent to the folks on the docket from PAI. The simplest and most efficient way for me to ensure that everyone on this docket gets what's been filed is to get them copies myself.

Would sending all the copies for non-Legal staff to me work? thanks a lot.

Based on this information, we will remove the MCD lists of telecommunications carriers from the docket mailing list. This will leave on the list those entities who either intervened or asked to be placed on the list as interested persons.

Thank you for the updated information.

Subject: RE: 990649

At the time the docket was established, it would have been appropriate to include the various categories of telecommunications carriers to put them on notice that a docket had been opened that could have a direct impact on them. Through information they received, they would be able to monitor the docket and determine whether they should become actively involved. In the two years since the docket was opened, the parties have had ample opportunity to either formally intervene or be added to the interested parties list. Many have done so.

The logistics of this docket are such that it is not feasible to continue to include general categories of carriers where there has been no specific interest expressed by the individual carriers. Accordingly, the general categories should be removed.

Since this is a formal proceeding in which parties have formally intervened, or at least asked to be listed as interested persons, could we please remove from the list of interested persons the general categories of certificated carriers, such as "all certificated IXCs," "all certificated AAVs," etc.? This would help greatly in the issuance of the Order.

Ms. Grant,

The last two faxes we have received list a Docket No. 990649-TP (Investigation into pricing of unbundled network elements). This may be the only Docket No. we need to worry about.

To clarify...please substitute Michael Sloan instead of Blau, Rothschild and Ridings. We don't want to be completely removed. Mr. Sloan's fax number is 202-424-7645. Thanks again for your assistance.

Ms. Petrowsky:

As I stated in my response to Mr. Durbin, we needed to know the utility or firm's name. Since you have now furnished the firm for which you work with, and it appears that this is on the party of record mailing lists that are within opened dockets, we will see if we can locate the names/numbers that need to be changed. I am forwarding a copy of your email to Ms. Wang, who is the one that handles the "party of record" mailing list in dockets. If she has any questions in regards to this update, she will get in touch with you. Thanks, Nonnye

Ms. Grant,

Per your below message to Mr. Durbin, I cannot find a "change of information form for regulated utility" on the commission web page and I have looked at length. Also, as I mentioned to Mr. Durbin in a subsequent e-mail, we are a law firm -- Swidler Berlin Shereff Friedman. We are not a utility. We represent utilities. The fax I referred to in my previous message is a regular fax that comes approx. once a week from the "Records Fax Server." There is a cover letter attached from Blanca Bayo addressed to "Dear Party to Proceeding." The form attached to the letter is titled "Case Assignment and Scheduling Record."

Since I have devoted approximately 2 hours of my time to this project, please let me know how we can get this request expedited. Thank you.

Dick, we need to have more information from MS. Petrowsky. Information is incomplete, there is no company name or firm's name listed in the email. By using the last names Blau, Rothchilds or Ridings listed we have not been able to make a match in either CMS or MCD. In order for us to comply with their request we need the additional information. This info maybe listed in CMS under the "party of records." If this is a change for MCD we need more info than the email is giving. They need to go to our web page and use the change of information for for regulated utility that we have, print a copy of this, complete the form and either mail to us or fax to CCA (850) 413-7118 to my attention, and then we know this is the request coming from the utility(ies) (have to list certain info.) Once this is received back, we will handle their request. Nonnye

With regard to the confidentiality that staff believes apparently needs to be released for failure to comply with Rule 25-22.006, F.A.C., particularly sub-paragraph (8), the following are the document nos., a short description, and an indication of the counsel that filed the confidential document. I've also indicated whether it was filed under a claim or a notice of intent.

Note that for Item 3, staff believes that it wasn't entered in the hearing record, but that since it was filed under a Notice of Intent, a Request still should have been forthcoming within 21 days. As the Chairman directed at the prehearing conference today, please let me know if you believe staff's assessment is incorrect and if so, in what way, by close of business Tuesday, January 22, 2002. Unless otherwise resolved, the listed information will be released into the public files on Tuesday, January 29, 2002.

Permission is requested to make one copy of the following confidential document:

11872-00 - Exhibit No. 123 to testimony of Donovan/Pitkin.

It was filed by BellSouth Telecommunications, Inc. under a claim of confidentiality. Pursuant to our rules on confidentiality, the claim should have been followed by a formal request for confidentiality within 21 days of the hearing. Bell was one of several parties that did not follow up either claims or notices of intent with a timely request, and Beth Keating has corresponded with all concerned and asked for response by Tuesday, January 22 (see attached copy of Beth's 1/17/02 e-mail to the parties).

BellSouth has requested a copy of the document in order to prepare a request for confidentiality by the 22<sup>nd</sup> (see attached copy of BellSouth's e-mailed request for copies of the documents). Permission is therefore requested to make a copy of the document for provision to BellSouth today.

RE: Discontinuance of Broadband Services and Cancellation of Certificate of Broadslate Networks of Florida, Inc.

Dear Mr. Talbott:

This letter is to inform the Florida Public Service Commission that Broadslate Networks of Florida, Inc. will discontinue its provision of broadband data services in Florida. The Company does not provide voice services and provides its data services only to business customers.

The service discontinuation is due to a determination by Broadslate and its Board of Directors that the operations of Broadslate have not achieved their financial goals because of the current economic climate. The Company has been unsuccessful in obtaining the financing necessary to operate its business and its sales operations have been impacted by the consequences of the terrorist acts of September 11, 2001. Several recent attempts to sell the Company or to find investors have now terminated.

Broadslate currently provides broadband data services to approximately 166 customers in Florida and the permanent discontinuance will affect all customers. Broadslate has agreed with DSL.net, Inc. to transition approximately 79 of those customers to DSL.net. The parties intend that those customers would be transferred to DSL.net to ensure that comparable service is provided to the discontinued customers as expeditiously as possible. The remaining customers will be transitioned to other service providers upon such customer's instructions to Broadslate.

The Application for Permanent Discontinuance filed with the Federal Communications Commission on January 31, 2002, is attached hereto as Attachment A. As stated therein, notification letters were mailed to the customers without a transition plan on January 29, 2002 via overnight delivery and to those customers transitioning to DSL.net on January 30, 2002 via overnight delivery. Broadslate intends to discontinue providing broadband services to customers in Florida on March 15, 2002.

There is a substantial risk that one or more of Broadslate's underlying service providers will terminate its services to Broadslate, thereby impacting its ability to provide service to its customers. Broadslate requests that the Commission request that those service providers listed on Attachment B hereto cooperate with Broadslate through March 15, 2002, so that Broadslate

Done 2/04/02

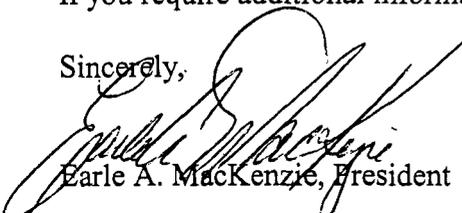

may assist its customers in switching services to other carriers with a minimum of inconvenience and confusion. The cooperation of Broadslate's underlying service providers is absolutely critical for the transition of Broadslate's customers.

Effective immediately, please remove Broadslate from all Commission service lists and withdraw Broadslate from Docket No. 990649A-TP (UNE Docket).

Finally, on and not before March 31, 2002, please cancel Broadslate's certificate to provide local telecommunications in Florida and withdraw Broadslate's tariff.

If you require additional information, please do not hesitate to call me at (434) 220-7600.

Sincerely,

Earle A. MacKenzie, President

 RE: Request to review confidential information filed in Docket No. 990649-TP

This office is developing indicators for measuring competition in Florida's local telephony markets. One indicator we may consider is the financial status of ALECs serving Florida's phone customers. Pete Lester has been involved in several discussions with Bill Dickens about how best to explain and interpret financial data for Florida ALECs. Mr. Lester has recommended that MMS would benefit by reading several documents from Docket No. 990649-TP (UNE Docket). Since the information cited by Mr. Lester is confidential, I am requesting that Mr. Dickens be authorized to review the confidential information.
