Audit No. 05-031-4-1 (the "April 27, 2005 Request"). FPL's initial filing consisted of the Request for Confidential Classification and Exhibits A through D. FPL adopts and incorporates by reference its April 27, 2005 Request , including Exhibits A, B, C and D thereto.

3. By Order No. PSC-05-0727-CFO-EI dated July 6,2005, the Commission granted FPL's April 27, 2005 Request.

4. The period of confidential treatment granted by the Commission for the April 27, 2005 Request will soon expire. All of the information that was the subject of FPL's April 27, 2005 Request warrants continued treatment as proprietary and confidential business information with the meaning of section 366.093(3). Attached as Exhibit C hereto is a table containing a line-by-line and page-by-page identification of the information for which continued confidential treatment is sought and, with regard to each document or portion thereof, reference to the specific statutory basis or bases for the claim of confidentiality and to the affidavits in support of the request classification. Exhibit C is sometimes referred to hereinafter as the "Revised Justification Table."

5. Included herewith and made a part hereof as Exhibit D are the affidavits of Korel M. Dubin, Walter E Gwinn, Osvaldo J. Lom, Robert Onsgard, Pamela L. Sonnelitter and Gerard J. Yupp which affidavits shall supplement the Exhibit D that was previously filed as part of the April 27, 2005 Request.

6. FPL submits that the information identified on the Revised Justification Table is proprietary confidential business information within the meaning of section 366.093(3)(d). Pursuant to section 366.093, such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the public records law. Thus,

once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

7. The statutory bases for FPL's assertion of confidentiality with regard to each document or portion thereof are set forth in the Revised Justification Table under the column entitled "FLORIDA STATUTE 366.093(3)." The letters (a) through (f) refer to subsections of section 366.093(3), as applicable. Support for FPL's request to extend confidential classification for the referenced materials is provided through the affidavits that are attached hereto as Exhibit D. The revised Justification Table identifies the basis for FPL's assertion of confidentiality with regard to each document or portion thereof.

8. FPL submits that the highlighted information in Exhibit A to the April 27, 2005 Request continues to be proprietary confidential business Information within the meaning of section 366.093(3). As indicated in the affidavits attached hereto as Exhibit D, all of the highlighted portions of Exhibit A include information that contains or constitutes internal audit controls or reports, or information relating to same. Such information is entitled to protection under section 366.093(3).

9. The material for which FPL seeks continued confidential classification is intended to be and is treated by FPL as private and has not been disclosed. Nothing has changed since the issuance of Order No. PSC-05-0727-CFO-EI to render the information stale or public, such that continued confidential treatment would not be appropriate.

10. Accordingly, FPL requests that the information identified in the Revised Justification Table and highlighted in Exhibit A to the April 27, 2005 Request and

referenced in Order No. PSC-05-0727-CFO-EI be accorded confidential classification for an additional eighteen month period. FPL further requests that the information be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business.

WHEREFORE, for the above and forgoing reasons, as more fully set forth in the supporting materials and affidavits included herewith or incorporated herein by reference, Florida Power & Light Company respectfully requests that its First Request for Extension of Confidential Classification Granted by Order No. PSC-05-0727-CFO-EI of Certain Material Obtained Pursuant to Audit Control No. 05-31-4-1 be granted.

AFFIDAVIT OF KOREL M. DUBIN

BEFORE ME, the undersigned authority, personally appeared Korel M. Dubin who, being first duly sworn, deposes and says:

1. My name is Korel M. Dubin. I am currently employed by Florida Power & Light Company ("FPL"), Regulatory Affairs Department, as Manager of Regulatory Issues. I have personal knowledge of the matters stated in this affidavit.

2. With respect to Exhibit C, I have reviewed the documents and information for which I am listed as Affiant and which are included in Exhibit A to FPL's Request for Confidential Classification of Certain Materials Provided in Connection with the Capacity Cost Recovery Clause True-up Schedules Audit No. 05-031-4-1. Documents or materials that I have reviewed and which are asserted by FPL to be proprietary confidential business information contain or constitute competitively sensitive data, the disclosure of which would place FPL at a disadvantage in the marketplace and would cause harm to customers. Certain of the information would also place FPL at a disadvantage when coupled with other information that is publicly available. Also, certain of the confidential information includes customer-specific account information, including banking account numbers. It is FPL's corporate policy not to disclose customer-specific information. This policy includes, but not limited to customer names, addresses, telephone numbers, rates, billing determinants (kW and kWh usage), conservation savings in kW and kWh, and bills. FPL treats such information as confidential and does not disclose it, except as required by law, to entities or persons other than the customer absent the customer's consent.

3. No significant changes have occurred since the issuance of Order No. 05-0727-CFO-EI to render the information stale or public such that continued confidential treatment would not be appropriate. Accordingly, the information referred to in this affidavit should continue to be maintained as confidential for an additional period of not less than eighteen months. These materials should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

4. Affiant says nothing further.

1. My name is Robert Onsgard. I am currently employed by Florida Power & Light Company (FPL) as Manager, Internal Auditing. I have personal knowledge of the matters stated in this affidavit.

2. With respect to Exhibit C, I have reviewed the documents and information for which I am listed as Affiant and which are included in Exhibit A to FPL's Request for Confidential Classification of Certain Materials Provided in Connection with the Capacity Cost Recovery Clause True-up Schedules Audit No. 05-031-4-1. Documents or materials that I have reviewed and which are asserted by FPL to be proprietary confidential business information contain or constitute competitively sensitive data, the disclosure of which would place FPL at a disadvantage in the marketplace and would cause harm to customers. Certain of the information would also place FPL at a disadvantage when coupled with other information that is publicly available. Also, certain of the confidential information includes customer-specific account information, including banking account numbers. It is FPL's corporate policy not to disclose customer-specific information. This policy includes, but not limited to customer names, addresses, telephone numbers, rates, billing determinants (kW and kWh usage), conservation savings in kW and kWh, and bills. FPL treats such information as confidential and does not disclose it, except as required by law, to entities or persons other than the customer absent the customer's consent.

3. No significant changes have occurred since the issuance of Order No. 05-0727-CFO-EI to render the information stale or public such that continued confidential treatment would not be appropriate. Accordingly, the information referred to in this affidavit should continue to be maintained as confidential for an additional period of not less than eighteen months. These materials should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

4. Affiant says nothing further.
