3. **Territory Map.** The territory map is being provided directly to the staff as it is too large for filing.

4. **System Map.** Detailed system maps for those systems for which maps were available will be provided directly to the Staff as they are too large for filing.

5. **Public Interest.**

**Financial Ability.** Lykes Bros. Inc., does not have available as of this date, certified financial statements for the year ending December 31, 2006. However, certified financial statements for the year ending December 31, 2005 are available and will be provided to the staff for its review.

**Technical Ability.** Attached are the DEP licenses for the One Class C Operator and Four Class D Operators currently employed by Lykes Bros. Inc., that will be subsequently employed by the Utility upon its certification. The Utility will hire additional personnel as it expands its water facilities and constructs its wastewater facilities.

**Environmental Compliance.** Attached is a list of existing permits issued for the water systems which will be transferred to the Utility upon certification. The existing systems are in compliance with all applicable standards established by the Department of Environmental Protection and the Water Management District.

**Need for Service.** There are no written communications regarding taking over service to the West Glades Campus. Muse Village is being developed by a party related to the Utility and the request for service has not yet been reduced to writing.

6. **Effluent Disposal.** As set forth in the Engineering Report, the utility intends to utilize reuse as its primary method of effluent disposal. The first phase of the wastewater treatment plant will have a 400,000 gpd capacity and will be adequate to provide public access reuse water. The reuse water will meet the irrigation demands within the development to the maximum extent possible. At this time, supplemental irrigation wells are not contemplated.
