Subject: 070089-TX and 070090-TI RE: Verifying spelling of Company's name & MCD information

Nonnye,

I am having the company resubmit a corrected IXC registration with the Company Liaison information completed and a new page 2 for the CLEC application as well with the completed company name. When this information is returned I will be sending it down to CCA with a memo.

I did confirm that the IXC (070090-TI) phone and fax numbers were also mistyped. The correct phone number is 305-274-7116 and fax number is 305-274-4772.

The correct company name for both dockets is:

TYBE COMMUNICATIONS INC.

Please use this email as verification to update MCD and correct the CASR Docket Titles for both 070089-TX and 070090-TI.

Subject: Verifying spelling of Company's name.

Toni, don't know if you will be assigned these dkts that were opened yesterday or not, 070089-TX and 070090-TI. Could you check the correct spelling of the names for us. On the CLEC they have all letters in CAPS and on the IXC registration they have only the first letter in CAPS "Tybe Comm....." Also on the IXC they do not list any liaison, and we will need to have that information if you can get it.

On the correct spelling of the name, please advise Dorothy as to what they will be so that she can update the docket titles accordingly.

Thanks for your help. N
