Mr. Steve Larson  
Executive Director  
California Public Utilities Commission  
505 Van Ness Avenue  
San Francisco, CA 94102

Mr. Larson:

This is to provide the Commission with the status of an annual audit of Verizon's Operational Support System (OSS) Performance Measures.

Under the current Joint Partial Settlement Agreement (JPSA) applicable in the States of California, Florida, Indiana, North Carolina, and Ohio,<sup>1</sup> a Joint Steering Committee (JSC) is to convene every six months to determine whether Verizon should proceed with an annual audit and if so, the scope thereof. Pursuant to a notice attached hereto, Verizon called a meeting of all interested parties to convene a meeting of the JSC on February 13, 2007.

The meeting took place by conference call at the time indicated in the notice.<sup>2</sup> At the meeting, it was agreed that no annual audit of Verizon's Performance Measures should take place at this time. It was further agreed that Verizon would convene, by notice, a further meeting of the JSC within the time frame prescribed within the JPSA to review again, as directed by the JPSA, whether there should be an annual audit of Verizon's Performance Measures and if so, the scope thereof.<sup>3</sup>

---

<sup>1</sup> Interested parties from Oregon and Washington were invited to participate as they also use the JPSA.

<sup>2</sup> Present during the call were representatives of the Indiana Office of Utility Consumer Counselor, Covad, Time Warner Telecom, Integra Telecom and Buckeye Telesystems.

<sup>3</sup> The current JPSA calls for a meeting of the Joint Steering Committee every 6 months. However, there is currently pending before this Commission a Joint Motion wherein, by consensus of participating parties, it is requested that the JPSA be amended to convene the Joint Steering Committee once a year.

If you have any questions regarding the status of the audit, please feel free to call me at 541/549-1787, or contact Ann Johnson at 972/718-4089.
