Subject: RE: Draft easement, Avalon

I apologize for the delays. We ran into a couple of delays here. Anyway, Capitol Broadband is permitting other service providers to use its infrastructure to provide video and data services to residents. They have a contract with a third party who will probably also offer voice service to residents, but that offering will only be on a non-exclusive basis. It seems to me that they will have to be competitive with BST to obtain and keep voice customers

Thanks Walt. As you know, we have been waiting on a response from you for some time (since April 17). What do you mean by "underlying providers" below? I will respond on your other inquiry below and on the easement that you sent to me last Wed. soon

Sharon,

I've just caught up with my client. Capitol Broadband will not be providing voice. One of the underlying providers may be offering voice service as an option to residents, but only on a non-exclusive basis. Voice is not bundled into any fee, but is by individual subscription only. Does this answer your questions?

Can you let me know when BellSouth will be turning on service to the T-1s? We need to get service going. It is my understanding that BST is hooking up the voice lines to the builder's sales offices and other facilities, so I'd like a timeline for the T-1 connection. Any further delays on the T-1s will cause a disruption of service to residents who are scheduled to move in soon.

Thank you

Walt

Thank you John. I left a message for you last Friday in response to your e-mail below.

As noted in my message, it is our understanding that the arrangements that the developer has made with Connexion (and Smart Resorts) for Phase II of Avalon mirror those for Phase I. If our understanding is incorrect, please let me know. Note that we referenced this understanding our May 25 letter to Walt and didn't hear back otherwise, so we assume it is correct.

Again, thank you.

Sharon,

Sorry for not getting back to you sooner, but I was just able to have a discussion with Walt. Based on discussions he's had with the client, Walt told me that an arrangement has been made with a service provider for the provision of voice telephone service in Avalon. The provider is Smart Resorts, also known as Beyond Communications. The arrangement does not include any special marketing deal. The arrangement is not exclusive; it authorizes Smart Resorts to provide voice service, but does not give it the exclusive right to do so.

Please let me know if you have any further questions.

Also, the client is curious about BellSouth's interest in obtaining this information. I think you may have mentioned in an earlier conversation that BellSouth may explore marketing voice services to residents in Avalon and therefore was interested about whether any arrangements with other providers already exist. If possible, could you let me know if my recollection is correct, if it isn't, please let me know if you can shed any light on the basis for BellSouth's interest.

Thanks very much -- John
