Re: Application to Provide Telecommunications Company Service within the State of Florida

Dear Sirs:

WinSonic Digital Media Group, Ltd. ("WinSonic" or "Applicant") respectfully requests authority to conduct business as a facilities-based and resale provider of Intrastate telecommunications services in the State of Florida. In support of this request, the Applicant submits (1) a check for \$400.00, (2) an original and 2 copies of the Application Form for Competitive Local Exchange Service, and (3) an original and 2 copies of the IXC Registration Form and the Interexchange Telecommunications Service Tariff.

The granting of this application will promote the public interest by increasing the level of competition in the telecommunications market of the state. Competition of this nature will mandate that all local telecommunications providers will operate more efficiently and improve the overall service quality for consumers.

In view of the foregoing, WinSonic submits that the Public Convenience and Necessity would be served by grant of its petition for certification in the State of Florida. If there are any concerns regarding the matter, please contact me 404-230-5705.

Thanking you in advance for your consideration, I am

Yours truly,

Winston D. Johnson  
Chairman and CEO
