Ward,

CLEC transfers include the Price List adoption, it is a special request for the IXC adoption of another company's tariff.

The filing recommendation and memorandums are currently routing for signatures and is on track for the April 12th filing and the April 24th's Agenda Hearing.

Take Care,

Toni

Toni

I think that is it. My only question is that I think TelCove Investment may have a CLEC tariff on file. Since you reference the adoption of the IXC tariff, does the CLEC tariff also have to be mentioned?

Other than that, we will be ready to file the Secretary of State paperwork as soon as the transaction is complete and I will re-confirm with the company that they are prepared to move forward with the tariff changes when appropriate.

Thanks again for all your help!

Ward

Importance: High

4/4/2007

Ward,

I am in the process of finalizing the Telcove filing recommendations. In that process, I have revised the Docket title (below) to more clearly address each action requested. Before I send it to the Commission Clerk for updating, please review the actions and confirm this is what the companies want to accomplish.

Recognize that we can't apply the LLC name until after the company establishes it, and at that point, you will request a simple administrative name change from Inc. to LLC. Also, don't forget we will need labels for the active price list/tariff documents on file or complete document revisions when these filings become effective.

Thank you,
