Re: Met 1, 300 S. Biscayne Boulevard, Miami, FL 33131

070000

Dear Ms. Cole:

It is our understanding that Met 1 is a 447-unit MDM Development Group condominium development under construction in Miami, Florida and that resident are expected in mid-2007.

The developer has informed BellSouth Telecommunications, Inc. d/b/a AT&T Florida that it has entered into an exclusive agreement with Hotwire Communications for the provision of voice, video and data services to residents, such that AT&T Florida may not place facilities to provide service to residents, and which agreement is bulk, such that residents will pay for such services in their association fees. The contact information for the developer is as set forth in the "cc" line below.

Pursuant to Section 364.025(6)(b)(1) and 364.026(6)(b)(3), Florida Statutes, we are writing to inform the Commission that AT&T Florida has been restricted from installing its communications facilities during the construction phase of the above property and that the occupants at the development will be charged for voice services provided by another provider in their association fees. Accordingly, AT&T Florida is relieved of its carrier of last resort obligation at the property, effective as of the date of the agreement with Hotwire, and will not be providing service to residents at the property.

Sincerely,

Nancy H. Sims
