In re: Docket No. 060638-EI

Petition of Florida Public Utilities Company for approval of an increase to base rates through a limited proceeding to recover costs associated with mandatory storm preparedness initiatives

Pursuant to Section 366 076, Florida Statutes, Florida Public Utilities Company is seeking approval for a revision to its current base rates in order to recover the costs associated with implementing storm preparedness programs required by the Florida Public Service Commission in Docket No. 060198-EI. These programs were not in existence or anticipated when the base rates of the Company were last established, and the significant, unanticipated annual costs of these programs, projected to be \$713,517 in 2007, would have an adverse effect on the financial position of the Company. The relief sought by the Company would enable implementation of the storm hardening initiatives while also maintaining the financial status of the Company. The Company is seeking to recover these expenditures through an adjustment to base rates. The adjustments to the non-demand energy charge component of the base rate are shown below.

The Public Service Commission has scheduled customer meetings on this Petition at the following times and places:

Tuesday May 1, 2007, 6:00 p.m.	Wednesday, May 2, 2007, 6:00 p.m.

Marianna, FL 32446	Fernandina Beach, FL 32034

At the meetings, facilitated by Staff from the Florida Public Service Commission, customers will be afforded an opportunity to present comments regarding the proposal. Representatives of the Company will be present and Commissioners of the Florida Public Service Commission may also be present.

Customers wishing to address the Commission are urged to appear early as the meetings may be adjourned if no one is in attendance.

Any person requiring some accommodation at the meetings because of physical impairment should call the Commission's Division of the Commission Clerk and Administrative Services at 850-413-6770 at least five calendar days prior to the meetings.
