**APPLICATION FOR INCREASE IN WATER RATES IN PUTNAM COUNTY, FLORIDA
BY AQUA UTILITIES FLORIDA, INC.**

Date Issued: April 11, 2007

1. Notice is hereby given, pursuant to Rule 25-22.0407, Florida Administrative Code, that Aqua Utilities Florida, Inc. (Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last water base rate increase occurred in October 1996, and this is the Utility's first rate request since acquiring this system in July 2004. Since then, the Utility will have invested more than \$150,000 in your community's infrastructure through 2007 to improve the quality and reliability of water services. This amount translates to a capital investment of approximately \$1,400 per customer. The upgrades include installation of a pressure-stabilizing tank, rehabilitation of a water storage tank and electrical improvements at the water treatment plant. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

2. Copies of the petition, minimum filing requirements, and rate case synopsis are available for inspection during normal office hours at the Utility's office and the Putnam County Library as follows:

Aqua Utilities Florida, Inc.
1100 Thomas Avenue
Leesburg, Florida 34748
Business Hours: 8:30 a.m. - 4:30 p.m. Monday-Friday
Phone: 352.435.4027

Putnam County Library
601 College Road
Palatka, Florida 32177
Phone: 386.329.0126

3. The initial tentative schedule established for the case, including dates, times and locations of hearings, is as follows:

Service hearings – May 16, 2007 at 10:00 a.m. at the St. Johns Water Management District Resource Management Building, Rooms 136A&B, 4049 Reid Street, Palatka, Florida 32177, and May 16, 2007 at 6:00 p.m. at the City Commission Chambers, Gainesville City Hall, 200 E. University Avenue, Gainesville, Florida 32601.
Final hearings – October 24-26, 2007 and October 29-30, 2007, at the Florida Public Service Commission, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0870.

4. Listed below are the Utility's present and interim rates and proposed final water rates, based on monthly billing. At the March 27, 2007 Agenda Conference, the Public Service Commission approved the interim rates reflected in rates schedule below. The approved interim rates are effective on April 12, 2007.

RIVER GROVE MONTHLY WATER RATES

Total consumption	\$ 3.89	\$ 5.13	
< 6,001 (Residential)			\$ 6.97
Over 6,000 (Residential)			\$ 8.71

5. The Utility has requested a change in its Service Availability Charges as part of its rate request. The Commission will be reviewing the Utility's Service Availability Charges in the pending case under Docket No. 060368-WS, and the Commission may adjust those charges if the Commission deems that appropriate.

6. Any written comments regarding the Utility's service or the proposed rates and charges should be addressed to: Director, Division of the Commission Clerk and Administrative Services, Florida Public Service Commission, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0870 and should identify the Docket Number assigned to the proceeding. Complaints regarding service may be made to the Commission's Division of Regulatory Compliance and Consumer Assistance at the following toll-free number: 800.342.3552.

**APPLICATION FOR INCREASE IN WASTEWATER RATES IN SEMINOLE COUNTY, FLORIDA
BY AQUA UTILITIES FLORIDA, INC.**

Date Issued: April 11, 2007

1. Notice is hereby given, pursuant to Rule 25-22.0407, Florida Administrative Code, that Aqua Utilities Florida, Inc. (Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last wastewater base rate increase occurred in October 1996, and this is the Utility's first rate request since acquiring this system in July 2004. Since then, the Utility will have invested more than \$265,000 in your community's infrastructure through 2007 to improve the quality and reliability of wastewater service. This amount translates to a capital investment of approximately \$3,900 per customer. The Utility has replaced deteriorating pipe that carries waste from collection points in the system to the sewage treatment facility. Additional upgrades include rehabilitating sand filters and improving the stormwater retention system at the wastewater treatment facility. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

2. Copies of the petition, minimum filing requirements, and rate case synopsis are available for inspection during normal office hours at the Utility's office and the Seminole County Library as follows:

**APPLICATION FOR INCREASE IN WATER AND WASTEWATER RATES IN WASHINGTON COUNTY,
FLORIDA BY AQUA UTILITIES FLORIDA, INC.
Date Issued: April 11, 2007**

1. Notice is hereby given, pursuant to Rule 25-22.0407, Florida Administrative Code, that Aqua Utilities Florida, Inc. (Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last water and wastewater base rate increase occurred in October 1996, and this is the Utility's first rate request since acquiring these systems in July 2004. Since then, the Utility will have invested more than \$1.5 million in your community's infrastructure through 2007 to improve the quality and reliability of water and wastewater service. This amount translates to a capital investment of more than \$2,100 per customer. The Utility is upgrading the water treatment facilities and replacing aging equipment to improve water quality and fire protection, as well as installing a new emergency generator to run the water system in the event of a power failure. The Utility is also adding treatment to the wells that supply water to address past quality issues and replacing a pressure-stabilizing tank at one of its well sites. For your wastewater system, the Utility has upgraded lift stations that pump waste from collection points in the system to the sewage treatment facility, as well as replaced deteriorating pipe that carries waste to the plant. In addition, Florida Department of Environmental Protection (DEP) requirements mandate that the Utility analyze and develop plans to improve the wastewater system's capacity to handle increased flows during heavy rainstorms. The Utility is also developing a master plan, as required by DEP, which will address future demand for water and wastewater services in your community. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

**APPLICATION FOR INCREASE IN WATER RATES IN LAKE COUNTY, FLORIDA
BY AQUA UTILITIES FLORIDA, INC.**

Date Issued: April 11, 2007

1. Notice is hereby given, pursuant to Rule 25-22.0407, Florida Administrative Code, that Aqua Utilities Florida, Inc. (Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last water base rate increase occurred in October 1996, and this is the Utility's first rate request since acquiring the system in July 2004. Since then, the Utility will have invested approximately \$22 million in its Florida infrastructure through 2007 to improve the quality and reliability of water and wastewater services. Specifically in Lake County, the Utility will have spent nearly \$3 million on capital improvements, including water treatment plant upgrades, tank rehabilitation, and the replacement of undersized and deteriorating pipe to address water quality, water pressure and service reliability issues. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

2. Copies of the petition, minimum filing requirements, and rate case synopsis are available for inspection during normal office hours at the Utility's office and the Lake County Library as follows:

3. The initial tentative schedule established for the case, including dates, times and locations of hearings, is as follows:

Service hearings – June 27, 2007 at 10:00 a.m. and 6:00 p.m., at the Mount Dora Community Center Auditorium, 520 Baker Street, Mount Dora, Florida 32756.

Final hearings – October 24-26, 2007 and October 29-30, 2007, at the Florida Public Service Commission, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0870.

4. Listed below are the Utility's present and interim rates and proposed final water rates, based on monthly billing. At the March 27, 2007 Agenda Conference, the Public Service Commission approved the interim rates reflected in rates schedule below. The approved interim rates are effective on April 12, 2007.

FLORIDA BY AQUA UTILITIES FLORIDA, INC.**

Date Issued: April 11, 2007

1. Notice is hereby given, pursuant to Rule 25-22.0407, Florida Administrative Code, that Aqua Utilities Florida, Inc. (Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last water and wastewater base rate increase occurred in October 1995, and this is the Utility's first rate request since acquiring these systems in August 2003. Since then, the Utility will have invested nearly \$600,000 in your community's infrastructure through 2007 to improve the quality and reliability of water and wastewater service. This amount translates to a capital investment of approximately \$600 per customer. The upgrades include structural improvements to the water treatment plant and replacement of deteriorating equipment. For your wastewater system, the Utility is upgrading lift stations that pump waste from collection points in the system to the sewage treatment facility, as well as replacing deteriorating pipe that carries the waste to the plant. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

2. Copies of the petition, minimum filing requirements, and rate case synopsis are available for inspection during normal office hours at the Utility's office and the Alachua County Headquarters Library as follows:

1. Notice is hereby given, pursuant to Rule 25-22.0407, Florida Administrative Code, that Aqua Utilities Florida, Inc. (Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last water and wastewater base rate increase occurred in October 1996, and this is the Utility's first rate request since acquiring these systems in July 2004. Since then, the Utility will have invested more than \$5 million in your community's infrastructure through 2007 to improve the quality and reliability of water and wastewater service. This amount translates to a capital investment of more than \$2,600 per customer. The Utility has expanded the wastewater treatment plant's capacity to handle increasing demand, as required by the Florida Department of Environmental Protection. In addition, the Utility has replaced deteriorating pipe that carries waste from collection points in the system to the sewage treatment facility. For your water system, the upgrades include rehabilitating a worn-out storage tank and improving the treatment system's disinfection process to enhance water quality. The Utility is also upgrading electrical systems at the water treatment plant and replacing undersized and deteriorated water main to improve water quality and fire protection. In addition, the St. Johns River Water Management District is requiring the Utility to conduct a feasibility study about the present and future effects of withdrawing water from the Floridian Aquifer. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

**APPLICATION FOR INCREASE IN WATER RATES IN LAKE COUNTY, FLORIDA
BY AQUA UTILITIES FLORIDA, INC.**

Date Issued: April 11, 2007

1. Notice is hereby given, pursuant to Rule 25-22.0407, Florida Administrative Code, that Aqua Utilities Florida, Inc. (Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last water base rate increase occurred in October 1996, and this is the Utility's first rate request since acquiring this system in July 2004. Since then, the Utility will have invested nearly \$125,000 in your community's infrastructure through 2007 to improve the quality and reliability of water service. This amount translates to a capital investment of approximately \$1,000 per customer. The upgrades include replacing undersized pipe to address water quality and water pressure issues, as well as installing a new emergency generator to run the water system in the event of a power failure. The Utility also plans to replace an aging pressure-stabilizing tank at the water treatment plant. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

2. Copies of the petition, minimum filing requirements, and rate case synopsis are available for inspection during normal office hours at the Utility's office and the Lake County Library as follows:

Aqua Utilities Florida, Inc.

(Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last water base rate increase occurred in October 1996, and this is the Utility's first rate request since acquiring this system in July 2004. Since then, the Utility will have invested approximately \$22 million in its Florida infrastructure through 2007 to improve the quality and reliability of water and wastewater services. Specifically in Polk County, the Utility will have spent more than \$2.1 million on capital improvements, including water treatment plant upgrades, tank rehabilitation, and the replacement of undersized and deteriorating pipe to address water quality, water pressure and service reliability issues. This amount translates to a capital investment of more than \$1,000 per customer in your county. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

2. Copies of the petition, minimum filing requirements, and rate case synopsis are available for inspection during normal office hours at the Utility's office and the Polk County Library as follows:

Date Issued: April 11, 2007

1. Notice is hereby given, pursuant to Rule 25-22.0407, Florida Administrative Code, that Aqua Utilities Florida, Inc. (Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last water base rate increase occurred in October 1996, and this is the Utility's first rate request since acquiring this system in July 2004. Since then, the Utility will have invested approximately \$580,000 in your community's infrastructure through 2007 to improve the quality and reliability of water service. The upgrades include installing treatment equipment and making structural improvements to the water treatment plant, as well as replacing undersized and deteriorated water main to improve water quality and fire protection. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

2. Copies of the petition, minimum filing requirements, and rate case synopsis are available for inspection during normal office hours at the Utility's office and the Lake County Library as follows:

Date Issued: April 11, 2007

1. Notice is hereby given, pursuant to Rule 25-22.0407, Florida Administrative Code, that Aqua Utilities Florida, Inc. (Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last water and wastewater base rate increase occurred in October 1996, and this is the Utility's first rate request since acquiring these systems in July 2004. Since then, the Utility will have invested more than \$1.1 million in your community's infrastructure through 2007 to improve the quality and reliability of water and wastewater services. Specifically, the Utility is replacing deteriorating pipe that carries the waste from collection points in the system to the wastewater treatment plant. The Utility is also making wastewater plant improvements and rehabilitating percolation ponds to increase efficiency and performance of sewage treatment. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

Date Issued: April 11, 2007

1. Notice is hereby given, pursuant to Rule 25-22.0407, Florida Administrative Code, that Aqua Utilities Florida, Inc. (Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last water base rate increase occurred in October 2001, and this is the Utility's first rate request since acquiring this system in August 2003. Since then, the Utility will have invested approximately \$22 million in its Florida infrastructure through 2007 to improve the quality and reliability of water and wastewater services. Specifically in Highlands County, the Utility will have spent approximately \$900,000 to upgrade water treatment facilities, replace undersized and deteriorating pipe, rehabilitate storage tanks and for related capital improvements to ensure that its systems meet all environmental standards. This amount translates to a capital investment of approximately \$750 per customer in your county. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

**APPLICATION FOR INCREASE IN WATER AND WASTEWATER RATES IN POLK COUNTY, FLORIDA
BY AQUA UTILITIES FLORIDA, INC.**

Date Issued: April 11, 2007

1. Notice is hereby given, pursuant to Rule 25-22.0407, Florida Administrative Code, that Aqua Utilities Florida, Inc. (Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last water and wastewater base rate increase occurred in March 1998, and this is the Utility's first rate request since acquiring these systems in August 2003. Since then, the Utility will have invested more than \$430,000 in your community's infrastructure through 2007 to improve the quality and reliability of water and wastewater services. This amount translates to a capital investment of approximately \$2,200 per customer. Specifically, the Utility is upgrading lift stations that pump waste from collection points in the system to the sewage treatment facility, as well as replacing deteriorating pipe that carries the waste to the plant, as required by the Florida Department of Environmental Protection. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

2. Copies of the petition, minimum filing requirements, and rate case synopsis are available for inspection during normal office hours at the Utility's office and the Polk County Library as follows:

Aqua Utilities Florida, Inc.
1100 Thomas Avenue
Leesburg, Florida 34748
Business Hours: 8:30 a.m. - 4:30 p.m. Monday-Friday
Phone: 352.435.4027

Polk County Library
City Hall – 228 S. Massachusetts Avenue
Lakeland, Florida 33801
Phone: 863.834.6000

3. The initial tentative schedule established for the case, including dates, times and locations of hearings, is as follows:

Service hearing – June 13, 2007 at 6:00 p.m., at the Lakeland City Commission Chambers, 3rd Floor, 228 S. Massachusetts Avenue, Lakeland, Florida 33801.

Final hearings – October 24-26, 2007 and October 29-30, 2007, at the Florida Public Service Commission, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0870.

4. Listed below are the Utility's present and interim rates and proposed final water and wastewater rates, based on monthly billing. At the March 27, 2007 Agenda Conference, the Public Service Commission approved the interim rates reflected in rates schedule below. The approved interim rates are effective on April 12, 2007.

1. Notice is hereby given, pursuant to Rule 25-22.0407, Florida Administrative Code, that Aqua Utilities Florida, Inc. (Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last water and wastewater base rate increase occurred in October 1996, and this is the Utility's first rate request since acquiring these systems in July 2004. Since then, the Utility will have invested approximately \$180,000 in your community's infrastructure through 2007 to improve the quality and reliability of water and wastewater services. This amount translates to a capital investment of more than \$800 per customer. Specifically, the Utility is upgrading lift stations that pump waste from collection points in the system to the sewage treatment facility, as well as replacing deteriorating pipe that carries waste to the plant. The upgrades also include new security equipment at its treatment facilities to comply with federal regulations. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

**APPLICATION FOR INCREASE IN WATER AND WASTEWATER RATES IN PASCO COUNTY,
FLORIDA BY AQUA UTILITIES FLORIDA, INC.**

Date Issued: April 11, 2007

1. Notice is hereby given, pursuant to Rule 25-22.0407, Florida Administrative Code, that Aqua Utilities Florida, Inc. (Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last water and wastewater base rate increase occurred in December 1991, and this is the Utility's first rate request since acquiring these systems in August 2003. Since then, the Utility will have invested more than \$2.7 million in your community's infrastructure through 2007 to improve the quality and reliability of water and wastewater service. This amount translates to a capital investment of more than \$850 per customer. The upgrades include new pumping and electrical systems at the water treatment facility and a new emergency generator to run the water system in the event of a power failure. The Utility has also installed automated flushing valves to enhance water quality. This improvement was required under a Florida Department of Environmental Protection (DEP) consent order, which was subsequently lifted in 2006. For your wastewater system, the Utility is upgrading lift stations that pump waste from collection points in the system to the sewage treatment facility, as well as replacing deteriorating pipe that carries the waste to the plant. The Utility is also making wastewater plant improvements and rehabilitating percolation ponds to increase efficiency and performance of sewage treatment. In addition, DEP requirements mandate that the Utility analyze and develop plans to improve the wastewater system's capacity to handle increased flows during heavy rainstorms. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

1. Notice is hereby given, pursuant to Rule 25-22.0407, Florida Administrative Code, that Aqua Utilities Florida, Inc. (Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last water base rate increase occurred in October 1996, and this is the Utility's first rate request since acquiring this system in July 2004. Since then, the Utility will have invested approximately \$22 million in its Florida infrastructure through 2007 to improve the quality and reliability of water and wastewater services. Specifically in Seminole County, the Utility will have spent more than \$5.3 million on capital improvements, including water treatment plant upgrades, tank rehabilitation, and the replacement of undersized and deteriorating pipe to address water quality, water pressure and service reliability issues. This amount translates to a capital investment of more than \$2,600 per customer in your county. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

2. Copies of the petition, minimum filing requirements, and rate case synopsis are available for inspection during normal office hours at the Utility's office and the Seminole County Library as follows:

1. Notice is hereby given, pursuant to Rule 25-22.0407, Florida Administrative Code, that Aqua Utilities Florida, Inc. (Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last water and wastewater base rate increase occurred in October 1996, and this is the Utility's first rate request since acquiring these systems in July 2004. Since then, the Utility will have invested more than \$280,000 in your community's infrastructure through 2007 to improve the quality and reliability of water and wastewater services. This amount translates to a capital investment of more than \$1,100 per customer. Specifically, the Utility is upgrading lift stations that pump waste from collection points in the system to the sewage treatment facility, as well as replacing deteriorating pipe that carries waste to the plant. For your water system, the Utility is upgrading the water treatment plant with the installation of new treatment equipment and structural improvements, as well as replacing aging and undersized pipe to improve water quality and water pressure. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

2. Copies of the petition, minimum filing requirements, and rate case synopsis are available for inspection during normal office hours at the Utility's office and the Lake County Library as follows:

**APPLICATION FOR INCREASE IN WATER RATES IN LAKE COUNTY, FLORIDA
BY AQUA UTILITIES FLORIDA, INC.**

Date Issued: April 11, 2007

1. Notice is hereby given, pursuant to Rule 25-22.0407, Florida Administrative Code, that Aqua Utilities Florida, Inc. (Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last water base rate increase occurred in October 1996, and this is the Utility's first rate request since acquiring this system in July 2004. Since then, the Utility will have invested approximately \$22 million in its Florida infrastructure through 2007 to improve the quality and reliability of water and wastewater services. Specifically in Lake County, the Utility will have spent nearly \$3 million on capital improvements, including water treatment plant upgrades, tank rehabilitation, and the replacement of undersized and deteriorating pipe to address water quality, water pressure and service reliability issues. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

2. Copies of the petition, minimum filing requirements, and rate case synopsis are available for inspection during normal office hours at the Utility's office and the Lake County Library as follows:

Aqua Utilities Florida, Inc.
1100 Thomas Avenue
Leesburg, Florida 34748
Business Hours: 8:30 a.m. - 4:30 p.m. Monday-Friday
Phone: 352.435.4027

Lake County Library
312 W. Main Street
Tavares, Florida 32778
Phone: 352.253.6180

3. The initial tentative schedule established for the case, including dates, times and locations of hearings, is as follows:

Service hearings – June 27, 2007 at 10:00 a.m. and 6:00 p.m., at the Mount Dora Community Center Auditorium, 520 Baker Street, Mount Dora, Florida 32756.

Final hearings – October 24-26, 2007 and October 29-30, 2007, at the Florida Public Service Commission, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0870.

4. Listed below are the Utility's present and interim rates and proposed final water rates, based on monthly billing. At the March 27, 2007 Agenda Conference, the Public Service Commission approved the interim rates reflected in rates schedule below. The approved interim rates are effective on April 12, 2007.

Date Issued: April 11, 2007

1. Notice is hereby given, pursuant to Rule 25-22.0407, Florida Administrative Code, that Aqua Utilities Florida, Inc. (Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last wastewater base rate increase occurred in March 1999, and this is the Utility's first rate request since acquiring this system in August 2003. Since then, the Utility will have invested more than \$1.1 million in your community's infrastructure through 2007 to improve the quality and reliability of wastewater service. This amount translates to a capital investment of more than \$17,000 per customer. Specifically, the Utility is upgrading lift stations that pump waste from collection points in the system to the sewage treatment facility, as well as replacing deteriorating pipe that carries waste to the plant. The Utility is also installing new filtering equipment at the wastewater plant to comply with Florida Department of Environmental Protection regulations. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

**APPLICATION FOR INCREASE IN WATER RATES IN PUTNAM COUNTY, FLORIDA
BY AQUA UTILITIES FLORIDA, INC.**

Date Issued: April 11, 2007

1. Notice is hereby given, pursuant to Rule 25-22.0407, Florida Administrative Code, that Aqua Utilities Florida, Inc. (Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last water base rate increase occurred in October 1996, and this is the Utility's first rate request since acquiring this system in July 2004. Since then, the Utility will have invested approximately \$22 million in its Florida infrastructure through 2007 to improve the quality and reliability of water and wastewater services. Specifically in Putnam County, the Utility will have spent approximately \$900,000 to upgrade water and wastewater treatment facilities, replace undersized and deteriorating pipe, rehabilitate storage tanks and for related capital improvements to ensure that its systems meet all environmental standards. This amount translates to a capital investment of more than \$600 per customer in your county. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

2. Copies of the petition, minimum filing requirements, and rate case synopsis are available for inspection during normal office hours at the Utility's office and the Putnam County Library as follows:

Aqua Utilities Florida, Inc.

BY AQUA UTILITIES FLORIDA, INC.**

Date Issued: April 11, 2007

1. Notice is hereby given, pursuant to Rule 25-22.0407, Florida Administrative Code, that Aqua Utilities Florida, Inc. (Utility) has filed a petition for a rate increase with the Florida Public Service Commission. The last water and wastewater base rate increase occurred in October 1996, and this is the Utility's first rate request since acquiring these systems in August 2003. Since then, the Utility will have invested more than \$1.2 million in your community's infrastructure through 2007 to improve the quality and reliability of water and wastewater services. This amount translates to a capital investment of more than \$5,700 per customer. Specifically, the Utility is upgrading lift stations that pump waste from collection points in the system to the sewage treatment facility, as well as replacing deteriorating pipe that carries waste to the plant. The Utility is also making electrical upgrades to the wastewater plant and rehabilitating percolation ponds to increase efficiency and performance of sewage treatment. In addition, the Utility is relocating a wastewater lift station to meet Florida Department of Transportation requirements. A rate increase is necessary for the Utility to be given an opportunity to recover those additional expenses.

2. Copies of the petition, minimum filing requirements, and rate case synopsis are available for inspection during normal office hours at the Utility's office and the Polk County Library as follows:
