By letter received January 25, 2007, BellSouth Telecommunications, Inc. filed a request for approval of adoption of existing interconnection, unbundling, resale, and collocation agreement, and one amendment, between BellSouth and KMC Data LLC which was deemed approved by the Commission in Docket No. 050466-TP. Callis Communications, Inc. is adopting the interconnection, unbundling, resale, and collocation agreement approved by the Commission pursuant to Section 252(i) of the Telecommunications Act of 1996.

Under the requirements of 47 U.S.C. § 252(e), negotiated agreements must be submitted to the state commission for approval. Section 252(i) requires that a local exchange carrier shall make available any interconnection, service, or network element provided under an agreement approved by the state commission to any other requesting telecommunications carrier upon the same terms and conditions as those provided in the agreement in its entirety.
