**Discussion of Issues**

**Issue 1:** Should FPL's proposed underground residential and commercial distribution tariffs and their associated charges be suspended?

**Recommendation:** Yes. (Baxter, Windham, Jaeger)

**Staff Analysis:** On April 2, 2007, FPL filed a petition for approval of revised underground residential and commercial distribution tariffs and their associated charges. Staff is recommending that the tariff be suspended to allow staff sufficient time to review the petition in order to present the Commission an informed recommendation on the tariff proposal.

Pursuant to Section 366.06(3), Florida Statutes, the Commission may withhold consent to the operation of all or any portion of a new rate schedule, delivering to the utility requesting such increase a reason or written statement of good cause for doing so within 60 days. Staff believes that the reason stated above is good cause consistent with the requirement of Section 366.06(3), Florida Statutes.

**Issue 2** Should this docket be closed?

**Recommendation:** No. (Jaeger)

**Staff Analysis:** This docket should remain open pending the Commission vote on the proposed tariff revisions.
