Sorry, e-mail is the only way to reach all of you without spending the whole afternoon on the phone. I have been asked to contact you regarding your e-mail service list on the PSC Docket 060658 and Docket 060642. The original parties of record posted on the PSC website had a few glitches which have been corrected but some of the parties are still using the incorrect e-service list. Please take a moment to ensure that Mike Walls (mwalls@carltonfields.com) and Dianne Triplett (DTriplett@carltonfields.com) are listed as counsel for Progress Energy as well as in-house counsel John Burnett and Paul Lewis. Recently, we ran into a problem where discovery was served only on Mr. Burnett and he was traveling and unaware of it until he returned to the office. Additionally, there is no need to copy or e-serve Gary Sasso with any of the documents. By copy of this email to the Filings Clerk at the PSC, I'm asking that they confirm their records as well to ensure that any notices or orders are directed to the correct addresses. I appreciate your help in this regard.

Progress Energy Need Determination Hearing Set for Thursday

TALLAHASSEE — The Florida Public Service Commission (PSC) will conduct a need determination hearing Thursday for a proposal to add capacity at the Crystal River Unit 3 nuclear power plant in Citrus County, Florida.

The hearing provides the utilities, other interested parties, and the public the opportunity to present evidence and testimony concerning the need for the proposed expansion. As part of the need determination process, the PSC must consider the need for electric system reliability and integrity, the need for adequate electricity at a reasonable cost, the need for fuel diversity and supply reliability, and whether the proposed plant expansions are the most cost-effective alternative available.

Only issues relating to the need for the proposed two-phase expansion will be addressed at this hearing. All members of the public who wish to make a statement should be present at the beginning of the hearing set for the following time and location:

Thursday, January 18, 2007

9:30 a.m.

Betty Easley Conference Center
Joseph P. Cresse Hearing Room (Room 148)
4075 Esplanade Way
Tallahassee, Florida

Environmental impacts and other issues related to the proposed plant and associated facilities will be considered by other agencies in separate public hearings.

The PSC is committed to making sure that Florida's consumers receive their electric, natural gas, telephone, water, and wastewater services in a safe, affordable, and reliable manner. The PSC exercises regulatory authority over utilities in the areas of rate base/economic regulation; competitive market oversight; and monitoring of safety, reliability, and service.

Hi –
 I had an add on my calendar to contact you about this – Buck Oven retires tomorrow, so can you remove his name and list me individually with the Siting Coordination Office?
 I would like to be listed on cases that should go for any power plant/transmission line related cases.
 Thanks much

We can update our records with this request, so you and Buck are both on the need determination docket mailing lists.

I ask Kim Pena, keeper of docket mailing lists, to start with Docket 060155-EM including you and Buck on the docket (and I understand we'll be getting several more), then at the end of the year we'll drop Buck's name due to his retirement.

Mike, please note.

For this docket, it would be best to add me and leave Buck as well. Regarding other power plant need determinations, will I need to contact you as each one arises, or is there a way I can be included with a single request?

Should we remove Buck's name, or simply add yours?

Kay –
 I left you a voice-mail message related to becoming an “interested person” for Power Plant Need Determinations. This arose as a result of the e-mail chain below.
 Can you assist in getting me designated as such? Afterwards, Buck can get himself removed from future lists.

Thanks

Confidentiality requests are becoming more common with need determinations, especially when a non-utility party is involved. In this case, Southern Power is the third party. I think as an interested person, you only get sent notices of meetings and such, but any public document is available to you. I also think if you call the clerk's office, they can get you down as an interested person. Remember, be careful what you ask for. Martha Brown, the attorney from our end, can clear up any muddy waters I may have left behind. Her number is 413-6187.

If you need anything else, please give me a call.

Check:

PSC's Docket number for OUC's Need Determination is 060155. According to PSC's website, you are listed as an interested person, but the filings are not downloadable as "Confidentiality" has been requested.

I have 3 questions for you:

1. Is it normal for Confidentiality to be requested with respect to Need Determinations?

2. As an "Interested Person" do you receive copies of the filings and subsequent relevant documentation (or, can you obtain documentation, and if so, how)?

3. Who designates you as an interested person; i.e., does Scott, does the applicant, does PSC procedure dictate that, or is there some other basis for it?

Among other things, I'm thinking about what it is that I will need to do to become that "interested person" for Need Determinations in the future.

Thanks

Mike

Hi -
 Thanks you for all of your help in the past, and I have a related question:
 I don't know if this is in your area or not, but I've observed that some parties list my e-mail address incorrectly.
 For way of example, this filing <http://www.floridapsc.com/library/filings/07/02410-07/02410-07.pdf> submitted on March 16th by NRDC
 for Docket 060635-EU incorrectly lists my e-mail address as Michael.Halpin@dep.state.fl.us.
 Some parties do not send paper copies but only e-file, and if the e-mail addresses are incorrect, how can we get it corrected?
 Thanks again
 Mike
