**Re: Verizon International Communications Services Inc., Termination of
Prepaid Calling Card Service and Cancellation of Registration,
Company Code TJ863**

Dear Ms. Bayó:

Verizon International Communications Services Inc. ("VICS"), pursuant to Section 25-24.474(2) of the Florida Administrative Code, Fla. Admin. Code Ann. R. 25-24.474(2), hereby requests cancellation of the company's registration effective December 31, 2008. In March 2007, VICS discontinued its prepaid calling card service. As explained below, VICS will have honored all prepaid calling cards by December 31, 2008, and therefore requests that this cancellation become effective on this date.

Pursuant to Rule 25-24.474(2)(a) of the Florida Administrative Code, VICS hereby confirms that it does not owe any current or past Regulatory Assessment Fees.

Rule 25-24.474(2)(b) of the Florida Administrative Code requires a statement on treatment of customer deposits and final bills. VICS is a reseller of international calling services in Florida. These calling cards are sold at retail locations throughout the state to end user customers. Because VICS is unable to identify end users who purchased the cards, the company has developed a detailed plan to ensure that purchasers receive the full value of their calling cards.

VICS notified distributors of its international prepaid calling cards in February 2007 that the company planned to discontinue providing this service beginning March 7, 2007. VICS also began an extensive effort to collect all prepaid cards from distributors that had not been sold to end users. Specifically, VICS determined how many cards had been distributed but not activated or did not yet have any usage attributed to them. VICS has been collecting those cards and has undertaken an auditing process to ensure that as many of the distributed but unsold cards are collected as possible. Once collected, these cards are shredded and distributors are refunded for their activated stock which did not have any usage.

To ensure that all end users receive the value of the cards, a customer service number is available on all cards sold to end users. A customer service representative will be available to inform all card purchasers that VICS is no longer providing service and provide the purchaser with instructions for obtaining a refund. The customer service representative will provide the purchaser with an address to which unused cards can be sent in order to receive a refund check. VICS will respond within 14 days of receipt of such unused cards.

This process will continue until December 31, 2008. VICS has determined that all cards that have been purchased or distributed will have expired by their terms by this date. After December 31, 2008, the cards will have no value, and no refund will be owed.

Please acknowledge receipt of this letter by returning, file-stamped, the extra copy of this letter in the self-addressed stamped envelope provided for that purpose.

If you have any questions, please do not hesitate to contact the undersigned.

Sincerely,

Peter D. Shields
Counsel to Verizon International Communications Services Inc.
