Commission staff on a confidential basis pursuant to current Commission rules.

- X. Attached as Exhibit C and incorporated herein by reference is a current list of officers. Global Connection Inc. of America has previously provided the Commission with evidence of its managerial and technical capabilities to provide the supported services in context of its application to become certified as a CLEC
- XI. Attached as Exhibit D to this Petition and incorporated herein by reference is the testimony of Houssam Abdallah, President of Global Connection Inc. of America certifying that the Company satisfies all of the requirements for designation as an ETC to serve the Designated Area.

### **III. Area for Which ETC Designation is requested**

- XII. Global Connection Inc. of America has served and will continue to serve the exchanges where it leases UNEs or resells the services of the non-rural telephone companies, AT&T, Embarq, Verizon and Windstream exchanges in the state of Florida. Global Connection Inc. of America seeks designation as an ETC in any areas served by urban and rural telephone companies. Pursuant to the Order in Docket No. 9322-U, the Company does not provide local exchange service in any area served by an independent telephone company as defined in the Second Amendatory Interim Certificate of Authority dated October 10, 2001. The exchanges in the AT&T, Embarq, Verizon and

Windstream service areas that Global Connection, Inc. of America serves and for which it seeks ETC designation are attached as Exhibit E.

**IV. Granting Global Connection, Inc. of America Petition will Serve the Public Interest**

XIII. Congress requires that the Commission grant competitive ETC petitions in non-rural areas. No specific public interest test is mentioned, as is the case for areas served by rural telephone companies. Thus, the Act provides that the Commission “shall” designate Global Connection Inc. of America as an ETC upon finding that the company meets the nine-point list of services and that it agrees to advertise the supported services throughout the designated service area. Notwithstanding, the designation of Global Connection Inc. of America as an ETC will serve the public interest.

XIV. A central purpose of the Telecommunications Act of 1996 was to “promote competition and reduce regulation ... [thereby securing] lower prices and higher quality services ... and encourage the rapid deployment of new telecommunications technologies.” Designation of Global Connection, Inc. of America as an ETC would further these goals. Granting ETC status to Global Connection Inc. of America would allow the Company to obtain federal universal service support, which it will use

to offer innovative telecommunications services at competitive prices to rural consumers in the AT&T, Embarq, Verizon and Windstream service areas.

- XV. Global Connection Inc. of America will announce and advertise telecommunications services as an ETC where it provides service in the AT&T, Embarq, Verizon and Windstream service areas in Florida and will publicize the availability of Lifeline and Link-Up services in a manner reasonably designed to reach those likely to qualify for those services. Accordingly, more low-income Florida residents will be made aware of the opportunities afforded to them under the Lifeline and Link-Up programs and will be able to take advantage of those opportunities by subscribing to Global Connection Inc. of America service.

For the foregoing reasons, Global Connection Inc. of America respectfully requests that the Commission grant its petition and designate the Company as an ETC for the AT&T, Embarq, Verizon and Windstream exchanges specified herein.

Respectfully submitted,

By:

Houssam Abdallah
