Troy, as I believe Shannon shared with you, when we began copying the tapes of this customer meeting

8/1/2006

per Shannon's request, we put the original first tape in the "copy" slot of the tape duplicator and thus blanked out all of the recording on that tape. I checked with Tallahassee Camera Center and was advised once a tape recording is recorded over the recording cannot be recovered.

I apologize for this loss of information in the record. We do have procedures in place that should have prevented this accident; we are now implementing additional steps and safeguards to ensure it does not happen again.

We are also including a note in the document description of the transmittal memo in CMS indicating the contents of the first tape were lost. I understand Jennie may be able to provide a copy of her notes from the meeting; we will place the notes in the record if you decide to send them for that purpose.

Marguerite and Kim,

I just got a call from Mr. Leeward. The company will be requesting confidential treatment for Attachments A, B, and C of the filing referenced below, including all invoices attached to Attachment A. Please delete all pages from the .pdf file except for the letter to Blanca dated Feb. 3, 2006 (the first page of the document) in anticipation of the request for confidential treatment.

Gerald, fyi, the company may also request confidential treatment of the maps. Mr. Leeward advised that DEP requires system maps to be confidential for security reasons. Marty Deterding will prepare the confidentiality request - I'm not sure whether he'll include the maps in the request or not.

Thanks.

This filing came in on Monday and was entered in CMS and scanned. Later, it was brought to my attention that Mr. Leeward states in his cover letter they believe all attachments to the cover letter are confidential. He didn't submit a notice of intent or formal request, and apparently did e-mail the attachments (without invoices) to Gerald according to what he said in the letter's cc:.

How are we to treat this filing? We can go ahead and have the .pdf deleted if appropriate. Please advise.

Thanks.
