Docket 060285

Application for a Rate Increase in Charlotte County by
Utilities, Inc. of Sandalhaven
DOCKET NO. 060285 - SU

RECEIVED FPSC
07 MAY 30 AM 10:05
COMMISSION
CLERK

Susan Eldridge
9032 Kestral Circle
Englewood, FL 34224
May 24, 2007

According to FPSC SPECIAL REPORT, dated May, 2007, Utilities, Inc. of Sandalhaven has "requested a permanent revenue increase of 304.30% for its wastewater system", raising the average residential bill from about \$20 to over \$70. With the proposed rates, my most recent bill (\$35.33) would have been \$118!

On your website, in a PSC memorandum dated March 1, 2007, in the "Case Background" section called "Staff Analysis", it states "that the proposed charges will not affect current customers..."

So which is it? This is certainly confusing! We have definitely not been adequately informed about this issue. Most of the current customers of Sandalhaven are 55+ and on fixed incomes. We should not be required to pay for the cost of extending sewer services, necessary only because the utility agreed to provide service to new condo developments which it could not provide without an expensive expansion. Isn't that what impact fees are for?

Please do not allow Sandalhaven Utilities to have the highest sewer rates in SW Florida. (See: "Jan. 2006 Rate Survey", Immokalee Water & Survey District -- <http://www.iw-sd.com/id19.html>) Currently, according to that survey, Sandalhaven rates are approximately the same as Lee County.

This sewer expansion will not benefit the current customers in any way. Is it realistic or fair to expect us to pay triple our current sewer charges for -- nothing?!

Sincerely,

Susan Eldridge

UTILITIES, INC. OF SANDALHAVEN

DEAR SIR,

This new rate increase is not fair to senior citizens, who live on a fixed income. There would be a hardship put on the budget to pay this.

If you would stop allowing new Condos and Homes being built the need for all theses new cost would stop.

Please take this in to consideration before you vote.

I KNOW I WILL.

BEING A CONCERNED RESIDENT IN THE SANDLEHAVEN UTILITIES DISTRICT. I WOULD LIKE TO COMMENT ON THE PROPOSED INCREASES IN RATES. IT STATES THE GENERAL REASON FOR AN INCREASE IS BECAUSE OF INADEQUATE EARNINGS. A RAISE IN RESIDENTAL RATES FROM \$13.13 TO \$49.43 A MONTH IS A 376% INCREASE. I SUPPOSE THAT INCREASE A MONTH WOULD IMPROVE THEIR EARNINGS. ALSO A RAISE FROM \$3.70 TO 11.50 PER 1000 GALLONS IS A 310% INCREASE. I WISH MY RETIREMENT WOULD INCREASE AT THAT RATE! I BELIEVE THAT THEIR EARNINGS ARE ADEQUATE, AND THIS HUGE INCREASE IS TO INCREASE CAPACITY, BY BUYING CAPACITY FROM ENGLEWOOD WATER DISTRICT, BECAUSE OF THE NEARLY 2900 CONDOS PERMITTED SOUTH OF ROTUNDA BLVD. ON PLACIDA RD. THE CAPACITY THEY HAVE IS SUFFICIENT FOR THE HOMES THEY NOW SERVICE. I BELIEVE IF THEY NEED THE EXTRA CAPACITY FOR THE NEW CONDOS THAT THE NEW CONDO DEVELOPERS SHOULD PAY FOR THAT CAPACITY. THE EXISTING HOMES ALREADY PAID FOR THEIR SEWAGE INFRASTRUCTURE. IT'S FAIR FOR THE NEW PEOPLE TO PAY FOR THEIRS !!

The Utility is converting from an owned, on-site WWTP system to a purchased treatment system. The conversion is anticipated to be complete in 2007, at which time, the available treatment capacity will be 300,000 gpd. The anticipated developments during 2006 and 2007 plus existing customers will utilize all of this capacity. Although all units of the anticipated developments may not be occupied by the end of 2007, the SACs for all units will be paid upfront. Therefore, 2007 is also the buildout year. The calculations below (a) determine the maximum CIAC necessary to reach a 75% net CIAC/net Plant ratio, and (2) the net CIAC/net Plant ratio at the requested SAC. The maximum SAC produces less than the guideline "minimum" of CIAC = the percentage of plant represented by the collection system, as, with a purchased treatment system, that would result in a 100% ratio.

RE: Utilities, Inc. of Sandalhaven
Bulk Wastewater Agreement with Englewood Water District
Our File No.: 30057.89

Dear Ken:

This letter is in response to your recent correspondence regarding wastewater service from Utilities, Inc. of Sandalhaven to the Placida HG Project. I will attempt to address your concerns in the order in which they were raised.

The reason that the cost of the off-site facilities to be constructed or paid for by the Developer is not identified with any specificity is that the amount is not yet known. In response to your client's persistent demands, we provided you with a Developer Agreement although we would have preferred to wait to do so until the off-site facility costs had been better identified. Obviously, the off-site facilities to be constructed or paid for by the Developer are subject to review by the Florida Public Service Commission as to their reasonableness and compliance with general regulatory principles. That is the Developer's safeguard in spite of the lack of specificity in the Developer Agreement.

With regard to Sandalhaven having sufficient capacity for your client's development, Sandalhaven and Englewood Water District have reached a verbal agreement for Englewood Water District to treat all of Sandalhaven's wastewater needs. We are in the process of preparing a written amendment to the existing Agreement which we expect to be accomplished in the near future. Since Sandalhaven was already moving forward with the planning and design of the interconnect main, resizing that main will cause little or no delay in the interconnection.

Kenneth G. Oertel, Esquire
March 10, 2006
Page 2

I dispute any implication that what you term as Sandalhaven's "will serve" letter has resulted in any damages to your client. If you will carefully re-read that letter, you will note that it is not a capacity reservation, and, as yet, no Developer Agreement has been entered into by your client. Your client, like most developers, seeks to delay as long as possible the execution of the Developer Agreement since the capacity fees are due and payable at that time. Incidentally, guaranteed revenue charges are not applicable.

As I am sure you are aware, Sandalhaven is only authorized impose those rates and charges as approved by the Florida Public Service Commission. Thus, your client is protected against having to pay service availability charges to Sandalhaven and also to the Englewood Water District.

Sandalhaven expects to meet your client's deadline for needing wastewater service by the end of this year, but cannot "guarantee" the availability of service at that time because of matters that may be beyond the control of Sandalhaven. Understanding Public Service Commission regulation like you do, I am sure you realize that private utilities are discouraged from maintaining excess capacity, which regulatory policy occasionally leads to short-term capacity deficiencies.

With the safeguards in place to assure that Sandalhaven's charges to your client for off-site facilities must be reasonable, and in accordance with PSC policies, there is no reason for your client not to go forward with executing the Developer Agreement that was provided to him. If he demands more definitive costs for the off-site facilities, then he will have to wait until the costs have been identified in detail. Please also have your client forward a check along with the executed Developer Agreement.

Very truly yours,

MARTIN S. FRIEDMAN

910	Existing Customers
<u>1,313</u>	Future Customers
2,223	Total Customers

\$3,076,461 Projected Cost of Interconnection

Calculation:

$$910 \div 2,223 = 41\%$$
