## SECTION 2 - RULES AND REGULATIONS

### 2.1 Prepaid Service

The Company's calling card and ANI service is prepaid meaning that the user buys certain amount of balance according to the denomination or refill bought and the time offered corresponds to the following formula:

$$\text{Available Time (minutes)} = \text{Balance (USD)} / \text{Destination's Rate (USD / minute)}$$

### 2.2 Term of Service

The term of service will be as long as the balance on the card or user's account is positive.

### 2.3 Discontinuance of Service

The service will be automatically interrupted once upon the balance on the user's card or account is finished. In order to continue service, the user must buy a new calling card or refill its account through the Internet or by calling the Company's customer support center.

### 2.4 Taxes

All state and local taxes (i.e., gross receipts tax, sales tax and municipal utilities tax) are included in the quoted rates.

### 2.5 Billing of Calls

All charges due by the subscriber are charged at the end of each call and the cost is subtracted from the existing balance. Any objection to billed charges should be promptly reported to the Company. Adjustments to customers' bills shall be made to the extent that records are available and/or circumstances exist which reasonably indicate that such charges are not in accordance with approved rates or that an adjustment may otherwise be appropriate.

### 2.6 Call Cost Announcement

All applicable costs - including cost, connect cost and surcharges - will be announced as well as available call time before connecting each call and no charges will be made before the call is actually connected. If the user disagrees with the applicable cost, it must hang up the call and contact a customer representative. Any call connected had its costs announced before being completed, thus the user agrees to all charges by completing the call.
