Re: Fuel and Purchased Power Cost Recovery Clause
and Generating Performance Incentive Factor;
FPSC Docket No. 070001-EI

Dear Ms. Cole:

Enclosed for filing in the above docket are the original and ten (10) copies of page 8 of 13 of Exhibit "A" to Tampa Electric Company's Request for Specified Confidential Treatment of portions of Forms 423 for the month of March 2007. This filing corrects a typographical error in the line references to the TECO Bulk Terminal Transfer Facility, Big Bend Station (1) in Column J. Please substitute this page for the one originally filed with your office on May 15, 2007.

Please acknowledge receipt and filing of the above by stamping the duplicate copy of this letter and returning same to this writer.

Thank you for your assistance in connection with this matter.

Sincerely,

James D. Beasley

FORM 423-2(a)

Plant Name:

| <u>Line(s)</u> | <u>Column</u> | <u>Justification</u> |
|--|---------------|---|
| TECO Bulk Terminal Transfer Facility Big Bend Station (1): 1-13 | H | (11) If the original invoice price is made public, one can subtract the original invoice price from the publicly disclosed delivered price at the Electro-Coal Transfer Facility and thereby determine the segmented river transportation cost. Disclosure of the river transportation cost "would impair the efforts of Tampa Electric to contract for goods or services on favorable terms." Section 366.093(3)(d), Fla. Stat. Additional justification appears in Exhibit "A" and in paragraph (1) of the rationale for confidentiality of Column G of Form 423-2 (Electro-Coal Transfer Facility - Big Bend Station). |
| TECO Bulk Terminal Transfer Facility Polk Station (1) 1 | | |
| Big Bend Station 1 | | |
| Polk Station 1 | | |
| TECO Bulk Terminal Transfer Facility Big Bend Station (1) 1-13 | J | (12) This information, like that contained in Column H, would enable a competitor to "back into" the segmented transportation cost using the publicly disclosed delivered price at the Electro-Coal Transfer Facility. This would be done by subtracting the base price per ton from the delivered price at Electro-Coal, thereby revealing the river barge rate. Such disclosure "would impair the efforts of Tampa Electric to contract for goods or services on favorable terms." Section 366.093(3)(d), Fla. Stat. Additional justification appears in |
