

VOTE SHEET

September 11, 2007

Docket No. 050958-EI – Petition for approval of new environmental program for cost recovery through Environmental Cost Recovery Clause by Tampa Electric Company.

(Decision on Motion for Reconsideration - oral argument requested)

Issue 1: Should the Commission grant OPC's Request for Oral Argument?

Recommendation: No. The Commission should deny OPC's request for oral argument on its motion for reconsideration. The issues are thoroughly addressed in the parties' extensive pleadings and oral argument would not aid the Commission in its decision.

APPROVED

Issue 2: Should the Commission deny OPC's Motion for Reconsideration of Order No. PSC-07-0499-FOF-EI?

Recommendation: Yes. The Commission should deny the motion for reconsideration. It does not identify a point of fact or law that was overlooked or which the Commission failed to consider in its order approving the eligibility of TECO's scrubber reliability project costs through the ECRC.

APPROVED

COMMISSIONERS ASSIGNED: Edgar, Carter, McMurrian (for this decision only)
