Martha,
This is information filed in the Frye complaint. I defer to you. However, if normal procedure is to docket it, I have no problem establishing a new docket.

Confidential DN 08091-07 was filed in the undocketed docket by Progress.

Progress has filed an official "request for confidential classification".

Our normal procedure is if an electric/gas/water/wastewater company files a formal request for confidential classification in an undocketed docket, the clerk's office will establish a new docket file to address this issue.
