Re: Fuel and Purchased Power Cost Recovery Clause with Generating
Performance Incentive Factor; FPSC Docket No. 070001-EI

Dear Ms. Cole:

On September 4, 2007 we filed Tampa Electric Company's projection filing in this proceeding for the period January 2008 through December 2008. Included in that filing was Schedule E12, which Tampa Electric submitted on a confidential basis along with a Request for Confidential Classification of portions of that Schedule E12.

Tampa Electric has subsequently detected an error in that Schedule E12. The error appears in the other "Other Non-Firm" row of megawatt hour amounts. The company had included 110.0 for each of the months January through December 2008. That number should have been 278.0 megawatts for January through March of 2008 and 168.0 megawatts for the remaining nine months of the year.

We are attaching under a separate confidential cover letter a single copy of the confidential version of corrected Schedule E12 for January 2008 through December 2008, marked "REVISED 9/17/07."

We would appreciate your substituting that single confidential version for the one that accompanied our September 4, 2007 confidential filing. We would appreciate your returning the September 4 confidential version to us. The justification for confidential treatment that accompanied the earlier filing applies with equal force to the replacement confidential version.

Enclosed are the original and fifteen (15) copies of a redacted version of the Schedule E12 marked "REVISED 9/17/07/" I would appreciate your distributing this revised redacted version to recipients of the earlier filing.

Sincerely,

James D. Beasley
