Subject: Item #5 - Docket No. 070431-TX

This is on Tuesday's Agenda (September 11th). Before I left on Friday, at 4:53 p.m., Suzanne Miller, the president's daughter, called and said they do not want their certificate cancelled. She said her father, who wrote the letter requesting cancellation, was very ill and thought he was being punished for requesting cancellation by having to pay the \$600 fee for 2007. I explained that the \$600 was applicable if the certificate was active for any day during a calendar year. She understands and explained it to her father and he also now understands we are not punishing him. She said since her father is better and they have to pay \$600 no matter what for 2007, they would rather wait and pay it when it is due and if they decide to cancel by the end of the year, they will let us know before they have to pay another fee for 2008.

She asked if there is any way to get this off of Tuesday's Agenda. She said they will do whatever is necessary. I started to tell her that she could wait until the order is issued and respond to the order by writing us a letter saying they had changed their minds, but wasn't sure how you would want to handle. You and Victor were gone when she called, so I am turning this over to you.

I'm putting my file in your chair. Thanks.
