

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Environmental cost recovery clause.

DOCKET NO. 070007-EI
ORDER NO. PSC-07-0769-CFO-EI
ISSUED: September 20, 2007

ORDER GRANTING PROGRESS ENERGY FLORIDA, INC.'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION FOR
DOCUMENT NO. 06713-07

On August 3, 2007, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Progress Energy Florida, Inc. ("PEF") filed a request for confidential classification of portions of the prefiled direct testimony of Joseph McCallister (Page 2, line 22 through Page 5, line 5) dated August 3, 2007 (Document No. 06713-07).

Section 366.093(1), Florida Statutes, provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1), Florida Statutes, [the Public Records Act]." Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" (subsection d); and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information" (subsection e).

PEF contends that the identified portions of the prefiled direct testimony of Joseph McCallister falls within these categories and thus constitutes proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. PEF states that this information is intended to be and is treated by PEF as private and has not been publicly disclosed.

PEF contends that the identified information contains sensitive business information regarding its strategy for procuring nitrogen oxide ("NOx") emissions allowances in compliance with the Clean Air Interstate Rule ("CAIR"). PEF asserts that the information relates to the timing and potential costs of planned allowance purchases of NOx. PEF further asserts that disclosure of its allowance price positions could adversely impact PEF's strategy for procuring NOx emission allowances at market prices. PEF asserts that this information relates to the competitive interests of PEF, the disclosure of which would impair its ability to obtain allowances at competitive prices.

FPSC-COMMISSION CLERK

Upon review, it appears that the above-referenced information contained in portions of the prefiled direct testimony of Joseph McCallister satisfies the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business information and, thus, shall be treated as confidential. The information constitutes “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms,” or “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, this information is granted confidential classification.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless PEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Matthew M. Carter II, as Prehearing Officer, that Progress Energy Florida, Inc.’s Request for Confidential Classification of Document No. 06713-07 is granted. It is further

ORDERED that the information in Document No. 06713-07 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Matthew M. Carter II, as Prehearing Officer, this 20th day of September, 2007.

MATTHEW M. CARTER II
Commissioner and Prehearing Officer
