DOCKET NO. 070602-EI

PETITION FOR DETERMINATION OF NEED FOR EXPANSION OF TURKEY POINT
AND ST. LUCIE NUCLEAR POWER PLANTS, FOR EXEMPTION FROM BID RULE 25-
22.082, F.A.C, AND FOR COST RECOVERY THROUGH THE COMMISSION'S NUCLEAR
POWER PLANT COST RECOVERY RULE, RULE 25-6.0423.

ISSUED: September 20, 2007

NOTICE is hereby given pursuant to Rule 25-22.080(3), Florida Administrative Code, that the Florida Public Service Commission has received the petition of Florida Power & Light Company (FPL) for a determination of need for its proposed expansion of the electric generating capacity of its existing Turkey Point and St. Lucie nuclear power plants, in Dade and St. Lucie Counties, respectively. FPL's proposed uprate would increase the power output at Turkey Point, units 3 and 4, from approximately 700 megawatts (MW) to 804 MW per unit, for a two-unit total of about 208 MW. At St. Lucie, units 1 and 2, net electrical generation per unit is expected to increase from approximately 840 MW to 943 MW, for a two-unit total of 206 MW. FPL proposes to complete the uprate to all four nuclear units during separate outages beginning in 2011 and ending in 2012. This matter has been assigned Commission Docket No. 070602-EI.
