**Docket No. 070052-EI
Filed: May 11, 2007**

**PETITION TO INTERVENE OF
WHITE SPRINGS AGRICULTURAL CHEMICALS, INC. D/B/A
PCS PHOSPHATE – WHITE SPRINGS**

Pursuant to Sections 120.569 and 120.57(1), Florida Statutes and Rules 25-22.039 and 28-106.205, Florida Administrative Code, White Springs Agricultural Chemicals, Inc. d/b/a PCS Phosphate – White Springs (“PCS White Springs”), through its undersigned attorney, files its Petition to Intervene. In support thereof, PCS White Springs states as follows:

1. The name and address of the affected agency is:

Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, Florida 32399-0850

2. The name and address of the petitioner is:

White Springs Agricultural Chemicals, Inc.
d/b/a PCS Phosphate – White Springs
15843 SE 78th Street, P.O. Box 300
White Springs, Florida 32096

3. All pleadings, motions, orders and other documents directed to

the petitioner should be served on:

James W. Brew

1025 Thomas Jefferson Street, NW, Eighth Floor, West Tower

Phone: (847) 849-4291
Fax: (847) 849-4663
KSTorain@Potashcorp.com

4. PCS White Springs is a manufacturer of fertilizer products with plants and operations located within Progress Energy Florida's ("PEF") electric service territory. PCS White Springs receives service under PEF's IS-1, IST-1, SS-2, GS-1, GSD-1, GSDT-1, and LS-1 Rates.

5. Statement of Affected Interests. PCS White Springs constitutes one of the largest loads on the PEF system and pays electric charges to PEF that amount to millions of dollars annually. In the above-referenced docket, the Commission will decide whether PEF should be allowed to recover through its fuel clause an estimated \$382 million in capital upgrades to its Crystal River Unit 3 ("CR3") and the PEF transmission network that will produce a capacity increase in the CR3 unit of 180 MWe.¹ If approved, PEF's request would promote a dangerous mis-application of the fuel adjustment clause to capital investments that are properly recovered in base rates. The PEF proposal raises basic rate setting, cost recovery and rate design concerns that will materially affect the level of energy costs and overall electric rates that are charged to PCS White Springs.

¹ See amended testimony of Javier Portuondo, pp. 4-5.

6. Disputed Issues of Material Fact and Disputed Legal Issues. PCS White Springs recognizes that a tentative list of issues in this proceeding has been developed and is appended to the Order Establishing Procedure (PSC-07-0390-PCO-EI), and that the scope of this proceeding will be based on those issues as well as any others identified up to and during the Prehearing Conference scheduled for July 9, 2007. PCS White Springs maintains that capital upgrades to the CR3 unit designed to increase the capacity of a base load steam electric generating unit should not be recovered through fuel adjustment charges, but should be addressed in the context of a base rate case. Piece-meal rate making of these proposed improvements is inconsistent with basic rate setting principles and appears to be inconsistent with PEF's commitments in its current base rate settlement.

7. Statement of Ultimate Facts Alleged. The proposed cost recovery that PEF requests attempts to circumvent the Commission's order approving PEF's 2005 base rate stipulation. (PSC-05-0945-S-EI). The capital upgrades that PEF contemplates involve costs that historically have, and under accepted ratemaking practice should, be added to rate base and recovered in base rates when they are introduced to commercial operation. PEF offers no rational basis for deviating from accepted rate practice in this instance. There are significant rate, revenue requirement and cost recovery aberrations that will be created by PEF's proposed recovery of these capital costs in fuel adjustment charges.

WHEREFORE, White Springs Agricultural Chemicals, Inc. d/b/a PCS Phosphate – White Springs respectfully requests that the Commission enter an order allowing it to intervene as a full party in this docket and requiring all parties to serve copies of pleadings, notices and other documents on PCS White Springs’ representative.

Respectfully submitted this 11th day of May, 2007.

Subject: RE: Electronic Filing - Docket No. 070052-EI

Pam, today in the mail we received the Original and hard copies of the electronic filing that was already filed with the PSC on 5/11/07.

Filing requirements located on our Website <http://www.floridapsc.com/dockets/e-filings/> states that when a document is filed electronically, no paper copies are required to be filed. The party submitting a document for filing by electronic transmission acknowledges and agrees that the original physically signed document will be retained by that party for the duration of the proceeding and of any subsequent appeal or subsequent proceeding in that cause.

The e-filing received on 5/11/07, and entered into our case management system will be maintained as the Original filing. The Original you sent will be placed in our correspondence section of the docket.

If you should have any question, please contact me.

Thank you.
