There are three categories of correspondence: Administrative, Parties, and Consumers. In which category would you like the 7 extraneous pages to be placed? Also, this correspondence will be scanned and given a document number. Is there any redacting to do?

Ms. Pena:

In reviewing Request to Establish Docket [DN 05033-07 ] filed on 6/25/07, I note that the Request references only one attachment, a "Company list." That attachment is only one page.

There is an additional unreferenced attachment consisting of 7 pages. This attachment contains (1) a letter transmitting certain background material of one of the companies listed [ Ersikine R. Curry d/b/a Media & Telecom Ventures (TH057)] and (2) a cover email from Ray Kennedy to Paula Isler addressing what to do with the material. That 7 page attachment should not be included as a document filed in Docket 07083-TC. It is not the filing of a party or a document supporting the Request to Establish Docket. Rather it is correspondence of a non-party transmitting background information and thus should be placed in the correspondence side of the file.

Please remove the 7 pages [email from Mr. Kennedy and the attached material] and place them in the correspondence side of the docket, together with a printed version of this email.

Put in file. Nothing else to do as I see it. I suggest you put a copy in the Docket file too at records.

This company is on the list to be fined \$500 for a first-time violation. Should I just put this in his file, or do you want something else done?

**RE: ERSKINE CURRY d/b/a MEDIA TELECOM VENTURES**

Dear Director:

~~It has just come to my attention that Mr. Erskine Curry had applied and received a license to operate pay telephones throughout Florida.~~

I am writing to inform you of Mr. Curry's continuous criminal history and hope you will reconsider giving such an important license to such an unscrupulous individual. I am on a list of at least 9 persons or companies that have successfully sued Mr. Curry or the various different companies that he has set up. It is unfortunate that Mr. Curry is continuously able and permitted to open up new businesses without having to satisfy court final judgments. Please don't take my word for it as you can easily do a background search of Mr. Curry and see his entire criminal history.

I am so sorry that I did not find out about this new business before January 31<sup>st</sup> of last year, but feel it necessary to now at least inform you of Mr. Curry's criminal past. I can assure you that if not already, Mr. Curry will be leaving more people and /or companies defrauded. This letter may not be able to help me, or the others, in his past, but hopefully help others in the future.

Please feel free to contact me if you need any other information or need me to testify against Mr. Curry.
