DOCKET NO. 070001-EI
ORDER NO. PSC-07-0857-CFO-EI
ISSUED: October 26, 2007

ORDER GRANTING GULF POWER COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 06049-07) (x-ref. DOCUMENT NO. 05284-07)

On June 1, 2007, Gulf Power Company ("Gulf" or "Gulf Power") was served with Staff's First Request for Production of Documents to Gulf Power Company (Nos. 1-6). Accordingly, Gulf filed its Notice of Intent to Seek Confidential Classification of that information on July 2, 2007. On July 19, 2007, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Gulf filed a request for confidential classification for certain information provided in connection with Data Request Numbers 2 and 4 ("DR2 and 4") (Document No. 06049-07) (x-ref. Document No. 05284-07). In DR2 and 4, Commission staff requested a copy of any summarized evaluations of 2006 coal and natural gas RFP results.

Section 366.093(1), Florida Statutes, provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act]." Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" (subsection d); and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information" (subsection e).

Gulf contends that information contained in responses to DR2 and 4 fall within these categories and thus constitutes proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. Gulf states that this information is intended to be and is treated by Gulf as private and has not been publicly disclosed.

Gulf contends that the responses to DR2 and 4 consist of pricing terms for coal and natural gas offered to and/or purchased by Gulf Power in connection with Requests for Proposal issued by Gulf in 2006. Gulf contends that the disclosure of this information would negatively impact Gulf's ability to negotiate pricing favorable to its customers in the future. Gulf further asserts that potential counterparties may refuse to enter into contracts with Gulf or would charge higher prices if the contract terms were made public.

Upon review, it appears that the responses to DR2 and 4 satisfy the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business

information and, thus, shall be treated as confidential. The information constitutes “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms” or “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, this information is granted confidential classification.

Section 366.093(4), Florida Statutes, provides that any finding by the Commission that records contain proprietary confidential business information shall be effective for a period not to exceed 18 months, absent good cause shown. Accordingly, the information identified in Document No. 06049-07 (x-ref. Document No. 05284-07) shall be granted confidential classification for a period of 18 months from the issuance of this Order.

Based on the foregoing, it is

ORDERED by Commissioner Matthew M. Carter II, as Prehearing Officer, that Gulf Power Company’s Request for Confidential Classification of Document No. 06049-07 (x-ref. Document No. 05284-07) is granted. It is further

ORDERED that the information in Document No. 06049-07 (x-ref. Document No. 05284-07) for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Matthew M. Carter II, as Prehearing Officer, this 26th day of October, 2007.

MATTHEW M. CARTER II
Commissioner and Prehearing Officer
