Since this document was specifically filed in a docketed matter, it needs to either be declassified and placed in Dkt 070595-EI or returned to the source. The only time we forward a document to staff is when an order has been issued, the document has met its retention schedule, and the document relates to discovery information.

The document should be declassified, and since the document relates to a consumer complaint and not to a docketed matter, I think it could be returned to the bureau of complaint resolution.
