DOCKET NO. 070001-EI
ORDER NO. PSC-07-0884-CFO-EI
ISSUED: October 31, 2007

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S
FIRST REQUEST FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION
GRANTED BY ORDER NO. PSC-05-0727-CFO-EI IN DOCKET NO. 050001-EI
(DOCUMENT NOS. 03798-05, 03799-05, AND 04083-05)

This Order addresses the continuation of confidential treatment for certain materials provided in connection with the capacity cost recovery clause true-up schedules, Audit No. 05-031-4-1. By Order No. PSC-05-0727-CFO-EI, issued July 6, 2005, the Commission initially granted confidential classification for the documents. On January 5, 2007, Florida Power & Light Company ("FPL") requested that confidential treatment be extended for the information contained in Document Nos. 03798-05, 03799-05, and 04083-05. The documents were previously granted confidentiality for 18 months, and FPL now requests that confidentiality be extended for an additional 18 months. In its request, FPL states that the period of confidential classification granted by Order No. PSC-05-0727-CFO-EI will soon expire, and that all of the information covered by that Order warrants continued treatment as proprietary confidential business information within the meaning of Section 366.093, Florida Statutes.

Section 366.093(1), Florida Statutes, provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act]." Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3)(b), (c), (d), and (e), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to "[i]nternal auditing controls and reports of internal auditors;" "[s]ecurity measures, systems or procedures;" "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

FPL requests that the following information described in the table below be granted confidential classification:

FPL's witness Onsgard, who is FPL's Manager of Internal Auditing, identifies sensitive materials concerning FPL's internal audits within the staff working papers entitled "List of Internal Audits." In support of his statement, witness Onsgard filed an affidavit stating the information was confidential.

FPL's Manager of Regulatory Issues, Korel M. Dubin, identifies competitively sensitive data reported within staff working papers entitled "Account Numbers on Capacity Revenue Collection" and "Billing Statements." Witness Dubin explains it is FPL's corporate policy not to disclose customer-specific information. This policy includes, but is not limited to: customer names, addresses, telephone numbers, account numbers, rates, billing determinates (kW and kWh usage), conservation savings in kW, kWh and bills. FPL treats such information as confidential and does not disclose it, except as required by law, to entities or persons other than the customer absent the customer's consent. Witness Dubin also points out that release of this information would place FPL at a disadvantage in the marketplace and would cause harm to the customers. She states some of the confidential information contains bank account numbers and some of the information coupled with other public information would place FPL at a competitive disadvantage.

Witness Osvaldo J. Lom, an FPL Supervisor, identifies sensitive purchased power information as reported within staff working papers entitled: "QF – Actual Purchased Power & Other Billing Summary," "1988 Agreement," "Check Request," "SJRPP Purchased Power Accrual," "Billing No. 205," "Invoice No. 205," "Debt Service," "SJRPP Revenue Requirements," "Transmission Capability," "Semi-Annual Transmission Billing," "CCRA Payment Schedule," "Property Taxes," "Cost of Operations," "Billing #206," "Fuel Inventory Analysis," "Reimbursement of JEA's Cost of Coal & Petcoke," "Interest Received," "Cost of Operations #208," "Billing #208," "Cost of Operations #209," "Actual Billing #209," "Payment Coupon," "SJRPP Suspension Accrual," and "Deferred Interest." According to witness Lom, this information, if disclosed, would place FPL at a competitive disadvantage. Also, certain of this information concerns St. Johns River Power Park (SJRPP), a Jacksonville Electric Authority (JEA) and FPL venture. JEA maintains this information as confidential pursuant to Section 163.01(15)(m), F.S., and the disclosure of this information would injure JEA in the marketplace.

According to witness Gerald J. Yupp, Director of Wholesale Operations for FPL's Energy Marketing and Trading Division, the workpapers contain sensitive contractual and business information and are reported within staff's audit working papers entitled: "S-T Capacity Journal Voucher," "Invoice," "Purchase Statement," "Actual S-T Capacity Purchase," "L-T

Capacity Payment,” “Journal Voucher,” “Payment Coupon,” “Walker Revenue Client,” “Daily Energy Sale Transaction,” “Payment Coupon/Walker Revenue Client,” “Transmission of Electric by Others,” “Florida Power Corp,” “JEA Invoice,” “LG & E Energy Marketing Invoice,” “EMT Transmission,” and “Reliant Energy Service.” Witness Yupp testifies that release of this sensitive contractual and competitive business information would impair the efforts of FPL to contract for goods and services on favorable terms for the benefit of its customers and would impair the competitive interests of FPL and its vendors. Some of this information would place FPL at a disadvantage when coupled with other information which is publicly available.

Witness Pamela L. Sonnelitter, FPL’s General Manager of Business Services in the Power Generation Division, identifies the sensitive security and contractual information reported within staff’s audit working papers entitled: “Security Sample Testing” and “SJRPP Security Project.” Witness Walter E. Gwinn, FPL’s Manager of Nuclear Finance, identifies sensitive security measures reported within staff’s working papers entitled: “Security Sample Testing” and “Security Vehicles.”

According to affidavits filed by each of the above FPL witnesses, the documents or materials that FPL asserts are proprietary confidential business information contain or constitute competitively sensitive data, the disclosure of which would place FPL at a disadvantage in the marketplace and would cause harm to customers. FPL asserts that certain of the information would also place FPL at a disadvantage when coupled with other information that is publicly available. According to FPL, certain of the confidential information includes customer-specific account information, including banking account numbers. FPL asserts that its corporate policy is not to disclose customer-specific information, including customer names, addresses, telephone numbers, rates, billing determinants, conservation savings, and bills. FPL states that absent the customer’s consent, it only discloses customer information to anyone other than the customer, if required by law.

FPL asserts that no significant changes have occurred since the issuance of Order No. PSC-05-0727-CFO-EI to render the information stale or public, such that continued confidential treatment would not be appropriate. Thus, FPL requests that the confidential information identified in Order No. PSC-05-0727-CFO-EI be accorded confidential classification for an additional 18 month period.

Upon review, it appears that certain materials provided in connection with the capacity cost recovery clause true-up schedules, Audit No. 05-031-4-1 (Document Nos. 03798-05, 03799-05, and 04083-05), which were the subject of Order No. PSC-05-0727-CFO-EI, issued July 6, 2005, continue to be proprietary confidential business information within the meaning of Section 366.093, Florida Statutes, to the same extent confidentiality was granted by this Commission’s prior order. The information constitutes “[i]nternal auditing controls and reports of internal auditors;” “[s]ecurity measures, systems or procedures;” “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;” or “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the

provider of the information.” Therefore, FPL’s request for extension of confidential treatment of the portions of certain materials provided in connection with the capacity cost recovery clause true-up schedules, Audit No. 05-031-4-1, is granted.

Section 366.093(4), Florida Statutes, provides that any finding by the Commission that records contain proprietary confidential business information shall be effective for a period not to exceed 18 months, absent good cause shown. Accordingly, the redacted information identified in Document Nos. 03798-05, 03799-05, and 04083-05, shall be granted confidential classification for a period of 18 months from the issuance of this Order.

Based on the foregoing, it is

ORDERED by Commissioner Matthew M. Carter II, as Prehearing Officer, that the information described in the body of this Order and contained in Document Nos. 03798-05, 03799-05, and 04083-05 shall be granted confidential classification for a period of 18 months from the issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Matthew M. Carter II, as Prehearing Officer, this 31st day of October, 2007.

MATTHEW M. CARTER II
Commissioner and Prehearing Officer

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and

time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Office of Commission Clerk, in the form prescribed by Rule 25-22.060, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
