Please see the attached memos. As both memos state, PEF has withdrawn its request for confidentiality of this information. The unredacted copy of this document should be placed in Docket No. 070595-EI like any other public filing. It should be removed from the confidential document internal tracking list. Once the unredacted document is placed in the docket file, there is no need to return this document to the utility as it is now considered a non-confidential filing. Thank you.
