CUSTOMER NOTICE

ISSUED: December 13, 2007

On February 9, 2007, Utilities, Inc. of Sandalhaven ("**Utility**"), completed its application to the Florida Public Service Commission ("**Commission**") for increased wastewater service rates, in which it requested a final wastewater rate increase of 313.33%. The Utility amended its request for increased rates so that the increase takes place in two phases. The Utility requested a phase one increase of 313.31%, and a phase two increase of 307.02%. The Utility also requested temporary service availability charges. The Commission approved temporary service availability charges, subject to refund with interest, by Order No. PSC-07-0327-PCO-SU, dated April 16, 2007.

By Proposed Agency Action (PAA) Order No. PSC-07-0865-PAA-SU, issued October 29, 2007 ("**PAA Order**"), the Commission approved a two-phase increase in wastewater rates, with phase one rates increasing 52.3% and phase two rates increasing 131.33%. In addition, the Commission approved revised miscellaneous service charges of \$22.50 for after-hours connection and reconnections and of \$15 for after-hours premises visits. These rates and charges are designed to allow the Utility the opportunity to recover costs for providing service, and a reasonable rate of return on its investment in facilities necessary to provide such wastewater service.

On November 19, 2007, Placida HG, LLP protested the PAA Order. On December 5, 2007, Placida HG, LLP voluntarily withdrew its protest. The PAA Order was consummated by Order No. PSC-07-0980-CO-SU, issued December 7, 2007.

The phase one, increased rates and charges are effective for service on or after December 18, 2007.

The rates and charges prior to filing, and the newly implemented rates and charges for wastewater service appear below.

If you have any concerns regarding this notice, please contact the Utility at (407) 869-1919.

Sincerely,

Utilities, Inc. of Sandalhaven
