

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Proposed repeal of Rules 25-4.053, Application and Scope; 25-4.054, Maintenance of Records; 25-4.055, Classification of Exchanges; and 25-4.056, Reclassification of Exchanges, F.A.C.

DOCKET NO. 070587-TP

In re: Proposed repeal of Rules 25-4.042, Extended Area Service; 25-4.057, Application and Scope; 25-4.058, Conditions for Approval; 25-4.059, Filing Requirements; 25-4.060, Community of Interest Considerations; 25-4.061, Hearings; 25-4.063, Subscriber Survey; and 25-4.064, Alternatives to Non-optional Extended Area Service, F.A.C.

DOCKET NO. 070588-TP

ORDER NO. PSC-08-0034-NOR-TP

ISSUED: January 9, 2008

The following Commissioners participated in the disposition of this matter:

LISA POLAK EDGAR, Chairman
MATTHEW M. CARTER II
KATRINA J. McMURRIAN
NANCY ARGENZIANO
NATHAN A. SKOP

NOTICE OF REPEAL OF RULES

BY THE COMMISSION:

NOTICE is hereby given that the Florida Public Service Commission, pursuant to Section 120.54, Florida Statutes, has adopted the repeal of Rules 25-4.042, 25-4.053, 25-4.054, 25-4.055, 25-4.056, 25-4.057, 25-4.058, 25-4.059, 25-4.060, 25-4.061, 25-4.063, and 25-4.064, Florida Administrative Code, relating to eligible telecommunications carriers without changes.

The rules were filed with the Department of State on January 8, 2008 and will be effective on January 28, 2008. A copy of the rule repeals as filed with the Department is attached to this Notice.

This docket is closed upon issuance of this notice.

DOCUMENT NUMBER-DATE

00232 JAN-9 8

FPSC-COMMISSION CLERK

ORDER NO. PSC-08-0034-NOR-TP
DOCKET NOS. 070587-TP, 070588-TP
PAGE 2

By ORDER of the Florida Public Service Commission this 9th day of January, 2008.

ANN COLE
Commission Clerk

(SEAL)

RG

25-4.042 Extended Area Service.

~~Each telephone company shall undertake to anticipate, on a continuing basis, the communication requirements of its subscribers for expanded local calling privileges and shall, upon Commission request, conduct appropriate surveys and studies of the feasibility of providing extended area service, an optional calling plan, or other extended calling concept that would better serve subscriber communication needs between contiguous exchanges, or portions thereof in those instances where there appears to be more than a normal degree of a community of interest, high toll usage, and a sufficient desire by the subscribers to warrant the establishment of the service. The results of such surveys and studies shall be reported promptly to the Commission.~~

Specific Authority 350.127(2) FS. Law Implemented 364.03, 364.15, 364.17, 364.385 FS.
History—New 12-1-68, Amended 3-31-76, Formerly 25-4.42, Repealed XX-XX-XX.

25-4.053 Application and Scope.

~~(1) These rules set out as Part IV of the Commission's general rules and regulations governing telephone companies establish the procedure to be used for the classification of telephone exchanges where exchange rates are based on calling scopes under a systematic grouping plan.~~

~~(2) These procedures shall have application to all exchange grouping plans which are now, or may hereafter be, authorized and approved by the Commission.~~

Specific Authority 350.127(2), 364.05 FS. Law Implemented 364.05 FS. History—New 1-20-63,
Revised 12-1-68, Formerly 25-4.53, Repealed XX-XX-XX.

25-4.054 Maintenance of Records.

~~Each telephone company employing the calling scope method of establishing exchange rate groups shall maintain adequate records necessary to effect compliance with the rules herein~~

~~prescribed.~~

Specific Authority 350.127(2), 364.05 FS. Law Implemented 364.04, 364.05, 364.18 FS.
History—New 1-20-63, Revised 12-1-68, Formerly 25-4.54, Repealed XX-XX-XX.

25-4.055 Classification of Exchanges.

~~(1) Coincident with the introduction of any exchange grouping plan approved by the Commission, the upper and lower limits for each group, based on total main stations and PBX trunks, will be established and each exchange classified into its proper group; provided, however, no exchange grouping plan shall contain any group in excess of that which is necessary for the classification of the largest exchange of the particular telephone company involved, and the top group in any such plan shall contain no upper limit. Thereafter, no change shall be made in the rates for any exchange, nor shall any exchange be reclassified to another group, except as provided in these rules or as otherwise ordered by the Commission.~~

~~(2) No change shall be made in any exchange grouping plan except as approved by the Commission.~~

Specific Authority 350.127(2), 364.05 FS. Law Implemented 364.025, 364.05, 364.051 FS.
History—New 1-20-63, Amended 7-21-65, Revised 12-1-68, Formerly 25-4.55, Repealed XX-XX-XX.

25-4.056 Reclassification of Exchanges.

~~(1) Whenever the number of access lines in the local calling area of an exchange increases or decreases to the extent that such exchange would fall into a different rate group, the company shall file a revised tariff with the Commission requesting authority to reclassify the exchange to its appropriate group. The effective date of the proposed rate change shall be the effective date of~~

~~the next directory for the affected exchange or sixty days after the date of filing the tariff, whichever is later.~~

~~(2) The rate group in which an exchange falls shall be determined by the peak number of access lines in the exchange's local calling area since the effective date of the preceding directory.~~

~~(3) In each instance where exchange reclassification is requested, the company shall provide adequate notice to the public in the exchanges involved. A bill stuffer, subject to Commission approval, shall be issued to each affected subscriber with the first bill following submittal of the application to the Commission. The bill stuffer shall provide notice of the application for regrouping and describe the reclassification sought, including the present and proposed rates. A second bill stuffer shall be provided with the first bill rendered following Commission approval, if approval is granted, stating the reclassification approved, including the approved rates.~~

Specific Authority 350.127(2) FS. Law Implemented 364.025, 364.05 FS. History--New 1-20-63, Revised 12-1-68, Amended 3-31-76, 12-10-84, Formerly 25-4.56, Repealed XX-XX-XX.

25-4.057 Application and Scope.

~~(1) The rules set forth in this Sub Part are intended to establish uniformly consistent guidelines, standards and procedures for the filing, acceptance and processing of requests for Extended Area Service (EAS) which may be pending on, or applied for after, the effective date of these rules.~~

~~(2) For the purpose of the rules in this Sub Part, Extended Area Service is defined as a switching and trunking arrangement which provides for a nonoptional, unlimited, two way, flat rate calling service between two or more exchanges, at an increment to exchange rates, rather than at toll message charges.~~

Specific Authority 350.127(2) FS. Law Implemented 364.03, 364.14, 364.15, 364.385(2) FS.

History—New 4-14-81, Formerly 25-4.57, Amended 10-5-92, Repealed XX-XX-XX.

25-4.058 Conditions for Approval.

~~In the absence of proper and compelling reasons to the contrary, the Commission will order New Extended Area Service established when the following general conditions are satisfied:~~

~~(1) There exists a sufficient degree of community of interest between exchanges, as defined in Rule 25-4.060, F.A.C., and~~

~~(2) As required, the incremental rates to be charged for the Extended Area Service arrangement, as determined by the Commission, will generate revenues within the affected exchange(s) to the extent possible, sufficient to meet the increased cost resulting from the provision of EAS, considering the strength of the community of interest, the overall rate level, and effect on earnings of the telecommunications companies which will provide the proposed EAS, and~~

~~(3) The proposed Extended Area Service, when offered at a price determined by the Commission, is approved by the prescribed majority of affected subscribers.~~

Specific Authority 350.127 FS. Law Implemented 364.03, 364.14, 364.15, 364.385(2) FS.

History—New 4-14-81, Formerly 25-4.58, Amended 10-5-92, Repealed XX-XX-XX.

25-4.059 Filing Requirements.

~~(1) In order to be considered by the Commission for further handling, a request for Extended Area Service shall be initiated by one or more of the following actions; provided, however, that a determination by the Commission of the need for establishment of a particular Extended Area Service or other toll alternative arrangement shall not be undertaken more frequently than once in any three year period:~~

~~(a) A petition signed by at least five (5%) percent, but not less than fifty (50), of the subscribers~~

~~in the telephone exchange from which the petition originates; or a petition, request, or resolution adopted and filed with the Commission by the governing body of the political subdivision; or where the subscribers requesting EAS are located in an exchange which has a minority of its subscribers in another county (pocket community within an exchange) at least ten (10%) percent of the subscribers in the pocket community within an exchange. Any such petition filed with the Commission shall set forth the name and telephone number of each signatory and be signed. It shall also include the name of the exchange from which the individuals are served, and the name of the exchange(s) to which EAS is desired and a statement that such subscribers are willing to pay higher local service rates, if necessary, for the desired EAS.~~

~~(b) A proposal by a telecommunications company or telecommunications companies.~~

~~(2) All requests for EAS, regardless of how initiated, shall state the name of the originating exchange and the name of the exchange(s) to which the Extended Area Service is sought.~~

Specific Authority 350.127 FS. Law Implemented 364.03, 364.385(2) FS. History—New 4-14-81, Formerly 25-4.59, Amended 10-5-92, Repealed XX-XX-XX.

25-4.060 Community of Interest Considerations.

~~(1) Upon receipt of a proper filing under the provisions of Rule 25-4.059, F.A.C., the company or companies involved will be directed by the Commission to initiate appropriate calling usage studies. The results of such studies shall be filed with the Commission within ninety (90) days of receipt of such notification. The data to be filed shall be developed from and based upon a minimum thirty (30) day study of representative calling patterns, shall be in such form, detail and content as the Commission may reasonably require and shall include, as a minimum, the following information:~~

~~(a) The number of messages and calculated calling rates, with and without Foreign Exchange (FX) Service, expressed in messages per access line per month, (M/A/M), over each interexchange route and in each direction, segregated between business and residence users and combined for both (sample FX data may be submitted with adequate information to show sample adequacy and appropriateness), and~~

~~(b) A detailed analysis of the distribution of calling usage among subscribers, over each route and in each direction, segregated between business and residence users and combined, showing, for each category, the number of customers making 0 calls, 1 call, etc., through 25 calls and 26 or more calls per month.~~

~~(c) Access line classification data showing, by classes of service, the number of access lines in service for each of the exchanges being studied.~~

~~(d) The interexchange toll rates, distance between rate centers, the number and duration of calls by time of day and the average revenue per message (ARPM) for the calls studied.~~

~~(e) The number of Foreign Exchange (FX) lines in service and the average calling volumes carried on these lines expressed in messages per month.~~

~~(2) In all exchanges where traffic studies are ordered, the company will also be directed to file usage studies for any alternative toll calling plan which is already in place. This study shall include, as a minimum:~~

~~(a) The date the alternative calling plan was implemented and the tariff referenced,~~

~~(b) The number of subscribers currently signed up for the plan,~~

~~(c) A statement indicating whether the alternative calling plan messages are included in the M/A/M listed for the traffic studies.~~

~~(3) A preliminary showing that a sufficient degree of community of interest between exchanges, sufficient to warrant further proceedings, will be considered to exist when the combined two-way calling rate over each interexchange route under consideration equals or exceeds two (2) messages per access line and equivalent access line per month (M/A/M) and fifty percent (50%) or more of the subscribers in the exchanges involved make one or more calls per month, except that:~~

~~On any given route between two exchanges, when the petitioning exchange has less than half the number of access lines as the larger exchange, studies of one-way traffic originating in the smaller exchange may be used, in which case the community of interest qualification will require a calling rate of three (3) or more (M/A/M) with at least fifty (50%) percent of the exchange subscribers making two (2) or more calls per month.~~

~~(4) The Commission shall consider the impact of the EAS plan on interexchange competition.~~

~~(5) In the event that the interexchange traffic patterns over any given route do not meet prescribed community of interest qualifications, the Commission may consider other community of interest factors to warrant further proceedings.~~

Specific Authority 350.127 FS. Law Implemented 364.03, 364.14, 364.385(2) FS. History—New

4-14-81, Formerly 25-4.60, Amended 10-5-92, Repealed XX-XX-XX.

25-4.061 Hearings.

~~(1) Following a determination of the extent of the community of interest, the Commission may order that no toll relief is warranted or order an EAS plan, a boundary change, or a toll alternative, depending on the strength of the community of interest, the effect on the telecommunication companies' earnings and other factors. The order shall include information on the rates to be charged and whether a subscriber survey is required. Pursuant to a Section 120.57, F.S., protest of the Proposed Agency Action or on the commission's own motion, a public hearing shall be held to provide for the proper examination and verification of data required by these rules, the introduction of such additional testimony, evidence, and information as may be germane to the issues and to afford an opportunity for all interested parties to be fully heard.~~

~~(2) If a request for a hearing is granted, the affected telecommunication companies shall file, unless otherwise ordered by the Commission, the studies necessary to a determination of the changes in costs which may reasonably be expected to result from establishment of the requested Extended Area Service. These studies will consider and develop, for each year and over each route, relevant revenues and costs over a five (5) year period immediately following the potential date for initiation of the service, as follows:~~

~~(a) Net increases in capital costs resulting from required additions to network capacity less reductions in required quantities of facilities and equipment utilized for toll services between the exchanges. The added investment will be based upon the additional switching and trunking needs necessary to accommodate the incremental usage at prescribed levels of service, as may be~~

~~determined from realistic estimates of call stimulation factors and holding time effects due to the toll alternative. Appropriate annual charges will be applied to the added investment to obtain the additional annual costs attributable to this source.~~

~~(b) Analysis of increases and decreases in expenses including, but not limited to, separations impacts, Modified Access Based Compensation access charge changes, and the net effect on operating expenses.~~

~~(c) A separate schedule showing revenue increases and decreases, including but not limited to, toll Modified Access Based Compensation access charge revenues, interLATA access revenues and revenues resulting from exchange regrouping, as applicable.~~

~~(d) Analysis of increases and decreases in toll revenues separately identifying interstate and intrastate amounts:~~

~~1. Effect of increases and decreases of capital costs, expenses and revenues, as described in paragraphs 25-4.061(1)(a) through (1)(c), F.A.C., above, upon intercompany settlements.~~

~~2. Effect upon intercompany settlements of change in separation factors resulting from the proportionate increase in local usage (including EAS) to total usage.~~

~~3. Loss of toll revenue billed, identifying the effect upon intercompany settlements.~~

~~(e) On or before ninety (90) days from the date of the request for hearing, the respondent(s) shall file with the Commission the summary results of these studies, together with supporting schedules and detail as will permit the identification of study components and verification of study results.~~

~~(3) If a hearing is requested, the affected telecommunication companies shall submit recommendations for proposed incremental rate increases, by classes of service, necessary to support the added service.~~

Specific Authority 350.127(2) FS. Law Implemented 364.03, 364.385(2) FS. History—New 4-14-81, Formerly 25-4.61, Amended 10-5-92, Repealed XX-XX-XX.

25-4.063 Subscriber Survey.

~~(1) In all cases where a request for Extended Area Service conforms to the requirements of these rules and the customers of either exchange would be subject to increased rates from either regrouping or the use of a mandatory incremental charge for EAS, or both, the Commission will order a survey to be made by the company by mail of all subscribers so affected, one ballot per account.~~

~~(a) Two weeks in advance of mailing the ballots, the Company shall publish an advertisement of the upcoming survey in a newspaper of general circulation in the geographic area where the survey is to take place. This display advertisement shall run for three days, be at least one eighth page in size, and be titled "NOTICE OF PROPOSAL FOR (Name of Company) TO EXPAND THE LOCAL CALLING AREA." The notice shall include a description of the affected customers (telephone exchanges and three digit telephone number prefixes), the present local calling area (telephone exchanges and three digit telephone number prefixes), the proposed extended area (telephone exchanges and three digit telephone number prefixes), and the present and proposed basic monthly rates by class of service.~~

~~(b) In addition, the notice shall include the following passage:~~

~~The Company will be conducting a survey to determine customer interest in expanding the local calling area in return for an increase in basic monthly rates. Ballots will be mailed during the week of ___ and must be signed and returned by ___ in order to be counted. The Florida Public Service Commission will approve or deny the proposal based on a simple majority of votes cast.~~

~~(2) If the Commission determines that a group of exchanges (more than one) is to be surveyed, the Commission shall specify whether the vote shall be calculated individually for each exchange or on a consolidated basis. This method of calculation shall be included in the advertisement specified in paragraph (1)(b) above.~~

~~(3) The customer survey explanatory letter shall include all pertinent information that would enable the customer to exercise a rational choice of acceptance or rejection of the proposal and shall contain at least the following items:~~

~~(a) A brief explanation of the purpose of the survey.~~

~~(b) A tabulation showing, by classes of service, the increases in rates to which subscribers would be subject.~~

~~(c) A listing of the telephone exchanges and three-digit telephone number prefixes which would become accessible if the Extended Area Service were approved.~~

~~(d) A statement indicating that only those voting by a signed return postcard will be counted. The statement shall also include information specifying the threshold for voter approval of a request for EAS as specified in subsection 25-4.063(6), F.A.C.~~

~~(e) The date by which the postcard ballots must be returned to be considered. This return date will provide, as a minimum, a period of thirty days from the date on which the survey letter is mailed.~~

~~(4) The customer survey letter shall contain no additional material or information not contemplated by these rules and shall include a pre-addressed, stamped postcard ballot which shall provide at least the following information:~~

~~(a) A brief statement of the service proposal being voted on as more fully described in the customer survey letter.~~

~~(b) Spaces for the customer to indicate his or her preference for or against the proposal.~~

~~(c) Lines for signature, telephone number and date.~~

~~(d) A space for customer comments, if desired.~~

~~(e) The date by which the ballot must be returned in order to be considered in the determination of voting results.~~

~~(5) Both the subscriber survey letter and the return postcard ballot shall have prior approval of the Commission staff before mailing and the postcard ballot shall be returnable to the Commission staff for tabulation of results.~~

~~(6) The requested Extended Area Service shall be approved and ordered by the Commission upon a finding that: a majority of all respondents in each exchange if route by route, or the consolidated results if so ordered, required to be surveyed vote favorably, and at least (40%) percent of all ballots sent are returned.~~

~~(7) If the vote is ordered to be route by route, the subscriber survey material shall state separately for each exchange to be surveyed the amount of local service rate increases.~~

Specific Authority 350.127 FS. Law Implemented 364.03, 364.385(2) FS. History--New 4-14-81, Formerly 25-4.63, Amended 10-5-92, Repealed XX-XX-XX.

25-4.064 Alternatives to Non-Optional Extended Area Service.

~~Whenever interexchange traffic patterns are such that subscriber needs may be adequately served by alternative service offerings, or requests may not fully meet the requirements of these rules but higher than average interexchange calling may exist, the Commission may give consideration to other alternatives such as one-way Optional Calling Plans, interexchange message rate service, Usage Sensitive Pricing options, discounted toll offering, etc.~~
