Re: Telephone Service 850-647-3334

Dear: Ms.Squires

To prepare for future demands for service and the growth of the area that will eventually comprise the WindMark Beach Development and adjacent St. Joe Beach area, FairPoint has requested permission from the Florida Public Service Commission (FPSC) to change our serving area boundaries for a portion of south Gulf County.

If this request is granted, this would mean that you would be in the Port St. Joe serving area instead of "The Beaches" area, and your telephone number would change from a 647 number to a 227 or 229 number.

In order to give you plenty of time to notify friends, family and business associates of the change, your old number would continue to work for one year along with the new one (i.e., there would be two ways to reach you) after FPSC approval of this request and implementation. Implementation of this request would be approximately 90 days after FPSC approval.

After this one-year period, calls made to some areas¹⁶ in Bay County, including Panama City Beach, Youngstown, Fountain, Lynn Haven and Southport, would be billed as long distance calls. Calls to the Panama City business district and adjoining residential neighborhoods would remain 25 cents for residential calls and 10 cents for the first minute and 6 cents for each additional minute for business calls.

These changes are proposed and cannot be implemented without FPSC approval. If you have any comments or concerns that you would like the FPSC to consider before making a decision, please send them to:

Office of Commission Clerk
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, FL 32399-0850

Alternatively, you may send an e-mail to mbarrett@psc.state.fl.us, or call Mr. Michael Barrett at 850-413-6544. If this request is granted, this would mean that you would be in the Port St. Joe serving area instead of "The Beaches" area, and your telephone number would change from a 647 number to a 227 or 229 number.

In order to give you plenty of time to notify friends, family and business associates of the change, your old number would continue to work for one year along with the new one (i.e., there would be two ways to reach you) after FPSC approval of this request and implementation. Implementation of this request would be approximately 90 days after FPSC approval.

After this one-year period, calls made to some areas¹ in Bay County, including Panama City Beach, Youngstown, Fountain, Lynn Haven and Southport, would be billed as long distance calls. Calls to the Panama City business district and adjoining residential neighborhoods would remain 25 cents for residential calls and 10 cents for the first minute and 6 cents for each additional minute for business calls.

These changes are proposed and cannot be implemented without FPSC approval. If you have any comments or concerns that you would like the FPSC to consider before making a decision, please send them to:

Re: Telephone Service 850-647-1610

Dear: Mr.Labiak

To prepare for future demands for service and the growth of the area that will eventually comprise the WindMark Beach Development and adjacent St. Joe Beach area, FairPoint has requested permission from the Florida Public Service Commission (FPSC) to change our serving area boundaries for a portion of south Gulf County.

If this request is granted, this would mean that you would be in the Port St. Joe serving area instead of "The Beaches" area, and your telephone number would change from a 647 number to a 227 or 229 number.

In order to give you plenty of time to notify friends, family and business associates of the change, your old number would continue to work for one year along with the new one (i.e., there would be two ways to reach you) after FPSC approval of this request and implementation. Implementation of this request would be approximately 90 days after FPSC approval.

After this one-year period, calls made to some areas⁹ in Bay County, including Panama City Beach, Youngstown, Fountain, Lynn Haven and Southport, would be billed as long distance calls. Calls to the Panama City business district and adjoining residential neighborhoods would remain 25 cents for residential calls and 10 cents for the first minute and 6 cents for each additional minute for business calls.

These changes are proposed and cannot be implemented without FPSC approval. If you have any comments or concerns that you would like the FPSC to consider before making a decision, please send them to:

Office of Commission Clerk
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, FL 32399-0850

Alternatively, you may send an e-mail to mbarrett@psc.state.fl.us, or call Mr. Michael Barrett at 850-413-6544. All correspondence should be submitted no later than January 22, 2008 and reference Docket No. 070603-TL. If you would like to track the progress of this request, you may do so at www.floridapsc.com or by calling Mr. Barrett.

Sincerely,

FairPoint Communications
