In Re:) **DOCKET NO. 050863-TP**
)
dPi Teleconnect, L.L.C. v.)
BellSouth Telecommunications, Inc.)

MOTION to MODIFY PROCEDURAL SCHEDULE/ MOVE HEARING DATE

dPi Teleconnect, L.L.C. (“dPi”) moves the Florida Public Service Commission (“Commission”) to reschedule the March 12, 2008, hearing date in this case by either advancing or delaying the date of the hearing, as dPi’s counsel and at least one witness have conflicts with the existing hearing date.

Factual Background and Argument

1. On January 14, 2008, dPi filed a motion to allow it to conduct additional discovery in this case. One of the representations dPi made in that motion was that this case had not yet been re-set for hearing. It made that representation because it was unaware that the case HAD been re-set for hearing. Only today, after reading AT&T’s response, has dPi realized that in fact this case was reset on November 30, 2007, for March 12, 2008. (dPi’s counsel went back and found the Commission’s order caught in an email spam filter.)
2. The current March 12, 2008, setting conflicts with prior settings currently set for dPi and Bellsouth in Louisiana (March 11) and Texas (March 12). The Louisiana hearing is a hearing on the merits of a companion case to this one, and involves the same witnesses from both BellSouth and dPi. The Texas court case is factually unrelated to the promotion cases, but will require testimony from the same witness from dPi, Brian Bolinger. Copies of the orders making those settings are attached as Exhibits 1 and 2.

3. In addition, the current setting date falls within the middle of counsel for dPi's child's spring break, and counsel's better half has planned and expects counsel for dPi to take them on a ski trip during the second half of that week, and the undersigned is now sweating bullets.
4. dPi thus respectfully requests that the hearing date be moved, either to a slightly earlier date – any time in the week of March 3, 2008; or to a later date – March 20 or after.
5. Counsel for dPi has conferred with opposing counsel to see if this motion will be opposed, but counsel for AT&T does not yet have position on this issue. However, counsel for dPi will alert the Commission to AT&T's position as soon as it becomes known. In the meantime, dPi prefers not to delay bringing its request to the attention of the Commission.

PRAYER

6. Because of pre-existing hearing conflicts (including a hearing on the merits in a companion case) and vacations, dPi respectfully requests that the hearing currently set for this case on March 12, 2008, be moved either to the week of March 3, 2008, or to March 20, 2008, or later.

3. Any objection or motion to exclude or limit expert testimony due to qualification of the expert or reliability of the opinions must be filed no later than seven (7) days after the close of the Discovery Period, or such objection is waived. Any motion to compel responses to discovery (other than relating to factual matters arising after the end of the Discovery Period) must be filed no later than seven (7) days after the close of the discovery period or such complaint is waived, except

for the sanction of exclusion under Rule 193.6
