March 16, 2008

Dear Sir or Madam:

I have sufficient financial capability to provide, maintain and to meet RTN Networks, LLC lease and ownership obligations.

RTN Networks is developing a wide range of marketing and distribution channel in order to expand its customer base. We have the financial ability to meet our responsibility as a Telecom Provider.

RTN Networks will market its products by using networks of independent agents and distributors. We will also market through our own direct sales force to have the greatest impact on the market.

Sincerely,

Kenneth Jacobi
Managing member

Experience

Senior Communication Specialist RTN Networks, LLC

Duties included contracting telemarketing and market research firms to host testing, contracting for temporary personnel to staff testing, coordination of all logistics involved in the testing, and training of all personnel. Position involved extensive travel and complete responsibility for the collection of empirical data. Testing included scheduling up to ninety long distance telephone calls per hour to cities around the world in order to evaluate the quality of the long distance and cellular services. I was involved in the establishment of a 38 node TQMS network (duties included: finding and establishing both MCI and Non-MCI sites for equipment, coordination of efforts with equipment manufacturers, and contract negotiation). This position required knowledge of computer installation and repair, database and report construction, and the ability to design appropriate testing methodology. I was also responsible for temporary personnel hired to input test results into database.

Senior Communication Specialist Sunshine Communications, Inc

Responsibilities included total operation and maintenance of \$4MM telecommunications system (5 PBX's, 11 microwave nodes, multiple telephone circuits and data communication equipment) in Illinois, Indiana, Kentucky and West Virginia. Interacted with vendors for sales and service of state-of-the-art voice and data equipment. Developed a program for systems management for a newly installed telecommunications system

Manager of Information Systems – ETS New York Division

Established an Information Systems department at the operating division level which provided programming assistance, oversaw computer operations, and offered recommendations in purchasing decisions. Coordinated the installation of a DEC computer within the division to serve in a distributed computing environment.

Manager of Information Systems City Communication Corp, NY

Duties included contracting telemarketing and market research firms to host testing, contracting for temporary personnel to staff testing, coordination of all logistics involved in the testing, and training of all personnel. Position involved extensive travel and complete responsibility for the collection of empirical data. Testing included scheduling up to ninety long distance telephone calls per hour to cities around the world in order to evaluate the quality of the long distance and cellular services. I was involved in the establishment of a 38 node TQMS network (duties included: finding and establishing both MCI and Non-MCI sites for equipment, coordination of

efforts with equipment manufacturers., and contract negotiation). This position required knowledge of computer installation and repair, database and report construction, and the ability to design appropriate testing methodology. I was also responsible for temporary personnel hired to input test results into database.
