Re: Docket No. 080141-EU; Joint petition of Tampa Electric Company and Withlacoochee River Electric Cooperative, Inc. for approval of limited amendments to territorial boundaries.

Dear Mr. Beasley:

Staff has reviewed the above referenced application. Please complete the following deficiencies and requests for additional information.

1. As required by Rule 25-6.0440(1)(a), Florida Administrative Code, provide a written description of each of the areas to be transferred as reflected on the maps that were provided. We have attached a sample description for your convenience. Please submit the appropriate territory description.
2. As required by Rule 25-6.0440(1)(c), Florida Administrative Code, provide the number and class of customers to be transferred, if any. According to the petition, the area is now under construction. However, if there are any existing customers, they will need to be noticed pursuant to Rule 25-6.0440(1)(d) Florida Administrative Code.

Please describe whether the agreement is likely to cause a decrease in the reliability of electrical service to the existing or future rate payers of any utility party to the agreement. In addition, please describe whether the agreement is likely to eliminate existing or potential uneconomic duplication of facilities.

A response to the above deficiencies and questions should be filed with the Office of Commission Clerk on or before April 18, 2008. If you have any questions, please contact me at (850) 413-6999.

Sincerely,
