Good morning! Appreciate you checking into this for us, as we never know when it could be a name change. I only updated the contact information listed in MCD. N

Ray/Nonnye

The company called me back and only intended to update contact information. The person completing the form listed the other d/b/a company the Utility Authority has on file, but is currently not using at this time and may not use, but should they decide to use it, they understand the need to submit a written request to change their name.

Ignore the FPUAnetCommunications on the update form. No further action necessary at this time.

Toni
