RE: Supra Telecommunications & Info Sys
FL CLEC Data Request

080000

Dear Ms. Bayo:

Enclosed please find a CD or diskette of the FL CLEC Data Request Tables, the FL specific portion of the FCC 477 and the FL CLEC Data Request, filed on behalf of Supra Telecommunications & Info Sys. No check is enclosed as there are no remittance fees due.

Please acknowledge receipt of this filing by date-stamping the extra copy of this cover letter and returning it to me in the self-addressed, stamped envelope provided for that purpose.

Questions regarding this filing should be directed to my attention at 407-740-8575. Thank you for your assistance in this matter.

Sincerely,

Xandria Lemon

Services Offered in Florida

1. Do you offer local telephone service in Florida? Please check yes or no.
   - X Yes
   - _____ No

2. How is your local service provisioned? Please mark the appropriate response(s).
   - X Resale agreement with ILEC
   - X Agreement with ILEC for wholesale platform (formerly known as UNE-P).
   - X Purchase some UNEs (other than wholesale platform) from ILEC
   - _____ Purchase elements (e.g., loops, switching) from other than ILEC (e.g., other CLECs)
   - _____ Completely self-provisioned
   - _____ Other (please describe) _____

3. Please complete the data tables.

4. What services, other than local service, does your company offer in Florida? Check all that apply.
   - _____ Private line/special access
   - _____ VoIP
   - _____ Wholesale loops
   - _____ Paging service

[1]The due date is set by Section 364.386(1)(b), Florida Statutes. Failure to comply with this rule may result in the Commission assessing penalties of up to $25,000 per offense, with each day of noncompliance constituting a separate offense per Section 364.285(1), Florida Statutes.

DOCUMENT NUMBER-DATE
03315 APR 23 08
FPSC-COMMISSION CLERK

____	Wholesale transport	____	Cable television
X	Interexchange service	____	Satellite television
____	Cellular/wireless service	____	Broadband Internet access

5. If you do not currently provide video services, do you have plans to offer video services in conjunction with other network services in the next three years? **No**

6. This question concerns **prepaid** local telephone service in Florida. Please place a check by the response that most accurately reflects whether or not you offer prepaid local telephone service.

____	Company offers ONLY prepaid local telephone service in Florida
X	Company offers prepaid AND non-prepaid local telephone service in Florida
____	Company does NOT offer prepaid local telephone service in Florida

Bundled Services

7. Do you offer bundled services to your Florida residential and business customers? For the purpose of this question, bundled services are specially priced packages that consist of local service plus at least one other feature (e.g., call waiting) or service (e.g., long distance or broadband or video). Please mark the applicable response(s).

X	Yes - Residential
____	No - Residential
X	Yes - Business
____	No - Business

8. If you do offer bundled services, what is the percentage of your Florida residential and business customers that <u>can</u> purchase the bundles? Please provide the percentage below. If you do not offer bundled services, place a mark by "not applicable."

100%	Residential
100%	Business
____	Not applicable

9. If you do offer bundled services, what percentage of your Florida residential and business customers purchase the bundles? Please provide the percentage below. If you do not offer bundled services, place a mark by "not applicable."

95%	Residential
90%	Business
____	Not applicable

VoIP

10. Indicate below whether you are offering VoIP service to end users in Florida. VoIP service is defined as IP-based voice service provided over a digital connection. Check any that apply.

    __X__ Not offering VoIP service to end users
    _____ Offering VoIP services to business end users
    _____ Offering VoIP services to residential end users

11. If you are offering VoIP service in Florida:

    a. Where are you offering VoIP service, e.g., specific cities, counties, statewide, etc.?

    _____

    b. What is the range of prices for residential VoIP service?

    _____

    c. What is the range of prices for business VoIP service?

    _____

    d. Please check all that apply to your VoIP service:

    _____ Offer wireless VoIP service
    _____ Offer wireline VoIP service
    _____ Optional power backup
    _____ Standard power backup
    _____ Contribute to Universal Service Fund
    _____ Peer-to-Peer only (no interconnection with PSTN).
    _____ Use of public Internet
    _____ Use of private IP network

    e. If you are not offering VoIP service to end-users in Florida, do you anticipate doing so? If yes, identify rollout month/year.

    _____

Broadband

12. Do you offer broadband to residential customers in Florida? Please check the applicable answer.

    _____ Yes
    __X__ No

13. If you do offer broadband to residential customers in Florida, please provide your best estimate of the percentage of residential end user premises in your Florida service area for which your broadband services are available.

_____

14. For your Florida territory in which you currently do not offer broadband, what percentage of these customers do you plan to provide broadband availability in the next 5 years?

_____

15. How many residential broadband subscribers do you have in Florida?

_____

16. Please list the method(s) of broadband provisioning utilized in Florida by your company (i.e. DSL, cable modem, fiber, etc.).

17. What are the typical downstream and upstream speeds for your most popular broadband service?

18. What is the monthly price for your most popular residential broadband service?

Fiber Deployment

19. Did you deploy fiber to homes or businesses in Florida between May 31, 2006 and December 31, 2007?

_____ Yes
__X__ No

20. If you answered **Yes** to question 19 above, please provide the following information:

    a. Location of each deployment (e.g., name of development, wire center, and exchange).

    b. Type of infrastructure for each deployment (e.g., Fiber to the Home/Fiber to the premises/Fiver to the Curb).

    c. Number of residential and business premises passed in each deployment and the number of residential and business subscribers for each. This includes Fiber to the Home, Fiber to the Premises, and Fiber to the Curb.

_____ Residential premises passed
_____ Residential subscribers
_____ Business premises passed
_____ Business subscribers

d. What services do you offer in each deployment?

21. Please provide your company's total statewide of residential and business subscribers currently served by Fiber to the Home, Fiber to the Premises, and\or Fiber to the Curb technology.

_____ Residential Subscribers
_____ Business Subscribers
_____ Total

Miscellaneous

22. In calendar year 2007, how much money did you invest in your network directly serving Florida's local service customers? Please check the applicable answer.

____ $1 - $249,999
_X_ $250,000 - $999,999
____ $1,000,000 - $9,999,999
____ $10,000,000 or more

23. Are you currently operating under Chapter 7 or Chapter 11 protection? Please check yes or no.

_____ Yes
_X_ No

24. Please provide a copy of the Form 477 you filed with the FCC with data as of:
a. **June 30, 2007**
b. **December 31, 2007**

25. Did the relief requested in Verizon's petition for Forbearance deemed granted by operation of law, effective March 19, 2006, affect your business model going forward? If so, how? **No**

Comments

26. Have you experienced any significant barriers in entering Florida's local exchange markets? Please list and describe any major obstacles or barriers encountered that you believe may be impeding the growth of local competition in the state, along with any suggestions as to how to remove such obstacles. Any additional general comments or information you believe will assist staff in evaluating and reporting on the development of local exchange competition in Florida are welcome.

We have no comments at this time.

Table 1: Traditional Retail Switched Access Lines on a Voice-Grade Equivalent (VGE) Basis

Company Name: Supra Telecommunications & Info Sys

Company Code*: TX892-06-0-R

* **Your Company code is shown on the label affixed to the envelope in which this was mailed and on the cover letter.**

THIS TABLE IS TO ONLY CAPTURE TRADITIONAL RETAIL SWITCHED ACCESS LINES. DO NOT INCLUDE LINES REPORTED IN TABLE 5.

Complete Table 1 if you provided *voice telephone service* to Florida *end users* via one or more *voice-grade equivalent (VGE)* lines or fixed wireless *VGE* channels. See FCC Form 477 definitions and instructions for *Line A.II-1* and complete this table accordingly.

Each Exchange name and corresponding data must be entered in a separate row.

Do *not* report special access lines or any high-capacity connections *between two locations of the same* end user, ISP, or telecommunications carrier.

Please provide data as of June 30, 2007 ~~and as of December 31, 2007~~ in two separate tables.

II.A. *Voice telephone service* provided to *end users*:

(1) Exchange	(a) Total *VGE* lines and *VGE* wireless channels *in service*	Percentages of lines and wireless channels reported in (a)**						
		(b) Residential lines	(e) Provided over your own local loop facilities or the fixed wireless last-mile equivalent	(f) Provided over UNE loops obtained without UNE switching	(g) Provided over UNE-Platform	(h) Provided by reselling another carrier's service (including Centrex/Centron or channelized special access service)	(i) Provided over coaxial cable at the end user premises ("cable telephony")	(j) Provided over fixed wireless at the end user premises

Total lines and channels you provided to *end users:*		106604	95%	0%	56%	10%	34%	0%	0%

* *We are not asking for information contained in columns (c) and (d) of the FCC Form 477.

Table 1: Traditional Retail Switched Access Lines on a Voice-Grade Equivalent (VGE) Basis

Company Name: Supra Telecommunications & Info Sys

Company Code*: TX892-06-0-R

* **Your Company code is shown on the label affixed to the envelope in which this was mailed and on the cover letter.**

THIS TABLE IS TO ONLY CAPTURE TRADITIONAL RETAIL SWITCHED ACCESS LINES. DO NOT INCLUDE LINES REPORTED IN TABLE 5.

Complete Table 1 if you provided *voice telephone service* to Florida *end users* via one or more *voice-grade equivalent (VGE)* lines or fixed wireless *VGE* channels. See FCC Form 477 definitions and instructions for *Line A.II-1* and complete this table accordingly.

Each Exchange name and corresponding data must be entered in a separate row.

Do *not* report special access lines or any high-capacity connections *between two locations of the same* end user, ISP, or telecommunications carrier.

Please provide data ~~as of June 30, 2007 and~~ as of December 31, 2007 in two separate tables.

II.A. *Voice telephone service* provided to *end users*:

(1) Exchange	(a) Total *VGE* lines and *VGE* wireless channels *in service*	Percentages of lines and wireless channels reported in (a)**						
		(b) Residential lines	(e) Provided over your own local loop facilities or the fixed wireless last-mile equivalent	(f) Provided over UNE loops obtained without UNE switching	(g) Provided over UNE-Platform	(h) Provided by reselling another carrier's service (including Centrex/Centron or channelized special access service)	(i) Provided over coaxial cable at the end user premises ("cable telephony")	(j) Provided over fixed wireless at the end user premises

Total lines and channels you provided to *end users:*		80884	95%	0%	56%	10%	34%	0%	0%

* *We are not asking for information contained in columns (c) and (d) of the FCC Form 477.

Table 2: Resold Lines Provided to Unaffiliated Telecommunications Carriers on a Voice-Grade Equivalent (VGE) Basis

Company Name: Supra Telecommunications & Info Sys

Company Code*: TX892-06-0-R

Your Company code is shown on the label affixed to the envelope in which this was mailed and on the cover letter.

THIS TABLE IS TO ONLY CAPTURE RESOLD LINES PROVIDED TO UNAFFILIATED TELECOMMUNICATIONS CARRIERS.

Complete Table 2 if you provided one or more *voice-grade equivalent (VGE)* lines or fixed wireless *VGE* channels to *unaffiliated* telecommunications carriers, including those under *commercial* agreements, to enable the *unaffiliated* carriers to provide *voice telephone service* to Florida end users. See FCC Form 477 definitions and instructions for *Line B.II-2* and *Line B.II-3* and complete this table accordingly, except that you should *not* report any UNE-Ps in this table.

Each Exchange name and corresponding data must be entered in a separate row.

Report all lines and channels under *resale* arrangements with *unaffiliated* carriers, including *other resale* arrangements under *commercial* agreements that replace, or substitute for, UNE arrangements or line-sharing. However, do *not* report any Local Platform (formerly known as UNE-P) loops in this table, as those should be reported in Table 4. Examples of *other resale* arrangements also include *Centrex/Centron* or *Special Access* service to enable the *unaffiliated* carriers to provide *local* telephone service to their end users. However, do *not* report special access lines or any high-capacity connections *between two locations of the same* end user, ISP or telecommunications carrier.

Please provide data as of June 30, 2007 ~~and as of December 31, 2007~~ in two separate tables.

II.B. *Voice telephone service* that you provided to *unaffiliated* telecommunications carriers, categorized by:	(1) Exchange	(a) Total *VGE* lines and *VGE* wireless channels *in service*
Lines and channels under *Resale* arrangements		

Table 2: Resold Lines Provided to Unaffiliated Telecommunications Carriers on a Voice-Grade Equivalent (VGE) Basis

Company Name: Supra Telecommunications & Info Sys

Company Code*: TX892-06-0-R

Your Company code is shown on the label affixed to the envelope in which this was mailed and on the cover letter.

Please provide data ~~as of June 30, 2007 and~~ as of December 31, 2007 in two separate tables.

I.B. *Voice telephone service* that you provided to *unaffiliated* telecommunications carriers, categorized by:	(1) Exchange	(a) Total *VGE* lines and *VGE* wireless channels *in service*
Lines and channels under *Resale* arrangements		

Table 3: UNE Loops Without Switching Provided to Unaffiliated Telecommunications Carriers - Not on VGE Basis

Company Name: Supra Telecommunications & Info Sys

Company Code*: TX892-06-0-R

* Your Company code is shown on the label affixed to the envelope in which this was mailed and on the cover letter.

THIS TABLE IS TO ONLY CAPTURE UNE LOOPS WITHOUT SWITCHING PROVIDED TO UNAFFILIATED TELECOMMUNICATIONS CARRIERS.

Complete Table 3 if you provided circuits to *unaffiliated* telecommunications carriers under an *unbundled network element (UNE) loop* arrangement, including those under *commercial* agreements, to enable the *unaffiliated* carrier to provide *voice telephone service* to Florida end users. See FCC Form 477 definitions and instructions for *Line C.II-4* and complete this table accordingly.

Each Exchange name and corresponding data must be entered in a separate row.

Please provide data as of June 30, 2007 ~~and as of December 31, 2007~~ in two separate tables.

II.C. UNE Loops that you provided to *unaffiliated* telecommunications carriers, categorized by:	(1) Exchange	(a) Total lines and wireless channels (do *not* convert to VGEs)
Lines and channels under a UNE loop arrangement, where you *did not provide switching* for the line.		

Table 3: UNE Loops Without Switching Provided to Unaffiliated Telecommunications Carriers - Not on VGE Basis

Company Name: Supra Telecommunications & Info Sys

Company Code*: TX892-06-0-R

Your Company code is shown on the label affixed to the envelope in which this was mailed and on the cover letter.

THIS TABLE IS TO ONLY CAPTURE UNE LOOPS WITHOUT SWITCHING PROVIDED TO UNAFFILIATED TELECOMMUNICATIONS CARRIERS.

Complete Table 3 if you provided circuits to *unaffiliated* telecommunications carriers under an *unbundled network element (UNE) loop* arrangement, including those under *commercial* agreements, to enable the *unaffiliated* carrier to provide *voice telephone service* to Florida end users. See FCC Form 477 definitions and instructions for *Line C.II-4* and complete this table accordingly.

Each Exchange name and corresponding data must be entered in a separate row.

Please provide data ~~as of June 30, 2007 and~~ as of December 31, 2007 in two separate tables.

II.C. UNE Loops that you provided to *unaffiliated* telecommunications carriers, categorized by:	(1) Exchange	(a) Total lines and wireless channels (do *not* convert to VGEs)
Lines and channels under a UNE loop arrangement, where you *did not provide switching* for the line.

Table 5: VoIP Access Lines on a Voice-Grade Equivalent (VGE) Basis

Company Name: Supra Telecommunications & Info Sys

Company Code*: TX892-06-0-R

Your Company code is shown on the label affixed to the envelope in which this was mailed and on the cover letter.

THIS TABLE IS TO ONLY CAPTURE VoIP LINES. DO NOT INCLUDE LINES REPORTED IN TABLE 1.

Complete Table 5 if you provided VoIP service to Florida *end users* via one or more *voice-grade equivalent (VGE)* lines or wireless *VGE* channels.

An access line connects the end user's customer premises equipment (CPE) to the serving switch and allows the end user to originate and/or terminate local telephone calls on the public switched telephone network (PSTN). The access line counts in Table 5 below must be based on **all** of your different types of access lines (including fixed wireless) that are used to provide VoIP service.

Each field must be populated. All entries must be made without quotation marks.

TABLE COLUMN INSTRUCTIONS:

Column (a). List Exchanges in alphabetical order corresponding to the primary location where service is provided. **Reported exchange data should not be based on secondary service locations (i.e., where service has been moved temporarily to a secondary location such as a vacation home).**

Column (b). Enter the abbreviation **Res** for Residential lines or **Bus** for Business lines. **Residential lines and business lines must be entered in separate rows.**

Column (c). Enter line count as *voice-grade equivalents (VGEs)*. Report *VGEs* based on how the customer is billed. If the customer is billed for a dynamic bandwidth VoIP product, the line count would be the maximum number of VoIP lines available. If the customer is billed for a specific number of VoIP lines, or a range of lines, the VoIP line count would be the number of VoIP lines or the highest number of the range, respectively. **Each line count must be entered in separate rows.**

Please provide data as of June 30, 2007 ~~and as of December 31, 2007~~ in two separate tables.

FCC Form 477 -- Local Telephone Competition and Broadband Reporting **Cover Page:** Name & Contact Information

OMB NO: 3060-0816
EXPIRATION DATE: 05/31/2008

All filers must complete Items 1 through 8 of this Cover Page. **Data as of**: June 30, 2007

Review Instructions before completing this form. Instructions are posted at:
http://www.fcc.gov/Forms/Form477/477instr.pdf

1. Company. Supra Telecommunications and Information Systems, Inc.

2. Filers must report data for ILEC and non-ILEC operations on separate forms.
Use the following drop-down box to indicate whether this worksheet contains data for ILEC or for non-ILEC operations.
Non-ILEC operations

3. Use the following drop-down box to select the name of your parent or controlling entity. If you are not affiliated with any other filer, select your company name. Select "not shown" if no appropriate name appears in the list. See Instructions section IV.B.1 for information on preparing file names.
Cleartel Communications, Inc.

If you selected "not shown" above, then provide the following:
Parent or controlling entity name (if none, enter company name).

4. Filers must report data for different states in separate forms.
State. Florida

5. Contact person (person who prepared the data contained below).
Jamie Villanueva

6. Contact person telephone number and email address.
Phone. 407-215-9736
Email. jvillanueva@cleartel.com

7. Indicate whether this is an original or revised filing.
Original Filing

8. Indicate whether you request non-disclosure of some or all of the information in this file because you believe that this information is privileged and confidential and public disclosure of such information would likely cause substantial harm to the competitive position of the filer.
Filer certifies that some data in this report is privileged and confidential

Reminders:

1) Ensure files are virus free by using up-to-date virus detection software. Filers are encouraged to submit files via email (address: FCC477@fcc.gov).

2) If you are filing original or revised data for an earlier semi-annual reporting period, do not use this particular form (which is only for data as of June 30, 2007). See reminder 4.

3) You may not insert or delete columns or rows, move cells, or edit text or numbers outside the cells provided for data entries. Filers will be required to correct and resubmit any files that cannot be opened in EXCEL 2003, any files whose structure has been altered, and any files with improper names.

4) If you have questions about the form, contact the Wireline Competition Bureau, Industry Analysis and Technology Division at (202) 418-0940; via email at 477INFO@fcc.gov; or via TTY at (202) 418-0484.

5) You must submit a Certification Statement signed by an officer of your company. A single statement may cover all files submitted. See Instructions sections IV & V.

6) Name your files as specified in Instructions section IV.B.1. To assist you, complete this Cover Page to generate an "example" name, below. Replace the character "#" in this example name with a sequence number as specified in Instructions. This number should be "1" unless using "1" would cause you to submit more than one file with the identical file name.

FCC Form 477 -- Local Telephone Competition and Broadband Reporting **Part I: Broadband**

OMB NO: 3060-0816

EXPIRATION DATE: 05/31/2008

Supra Telecommunications and Information Systems, Inc. for Florida June 30, 2007

Complete Part I.A if you provide one or more lines or wireless channels in the state that connect end users to the Internet at information transfer rates exceeding 200 kbps in at least one direction. For this purpose, include connections provided over your own local loop facilities or over lines or wireless channels you provisioned to enable information transfer at the end user location at rates exceeding 200 kbps in at least one direction. See Instructions for definitions of "broadband", "end user", "own local loop facilities", and "residential end user premises".

If you complete Part I.A, you must provide in Part V specified lists of 5-digit Zip Codes. See Instructions.

Do not report anywhere in the form any high-capacity connections between two locations of the same end user customer, ISP or communications carrier.

Data as of June 30, 2007

I.A. Lines and wireless channels connecting end users to the Internet that you provided over your own local loop facilities, or over UNE loops or other lines and wireless channels that you obtained from unaffiliated entities and equipped as broadband, categorized by technology at the end user location.

	(a)	Percentages of lines and wireless channels reported in (a), and								
		(b)	(c)	(d)	That have information transfer rates exceeding 200 kbps in both directions, and: (e)	(f)	(g)	(h)	(i)	(j)
	Total connections to end users (information transfer rates exceeding 200 kbps in at least one direction)	Provided to residential end user premises	Provided over your own local loop facilities or the wireless last-mile equivalent	Billed (or incorporated in a service billed) to end users by you, or your affiliates or agents	Provided to residential end user premises	Have information transfer rates in the faster direction greater than 200 kbps and less than 2.5 mbps	Have information transfer rates in the faster direction greater than or equal to 2.5 mbps and less than 10 mbps	Have information transfer rates in the faster direction greater than or equal to 10 mbps and less than 25 mbps	Have information transfer rates in the faster direction greater than or equal to 25 mbps and less than 100 mbps	Have information transfer rates in the faster direction greater than or equal to 100 mbps
I - 1. Asymmetric xDSL.										
I - 2. Symmetric xDSL.										
I - 3. Traditional wireline such as T-carrier.										
I - 4. Cable modem.										
I - 5. Optical carrier (fiber to the end user).										
I - 6. Satellite.										
I - 7. Terrestrial fixed wireless (licensed or unlicensed).										
I - 8. Terrestrial mobile wireless (licensed or unlicensed).										
I - 9. Electric power line.										
I - 10. All other technologies. Report specific technology and the corresponding number of connections in the comment section of Part IV.										

Note: In Part I.A, report actual counts of connections. Do not report voice-grade equivalent measures.

Supra Telecommunications and Information Systems, Inc. for Florida June 30, 2007

Complete Part I.B **ONLY IF** you are an ILEC (or an affiliate of an ILEC) that is reporting asymmetric or symmetric xDSL connections in Part I.A **OR** you are a cable system (or an affiliate of a cable system) that is reporting cable modem connections in Part I.A.

For the purposes of completing Part I.B:

(1) "Residential end user premises" include residential living units, individual living units in such institutional settings as college dormitories and nursing homes, and other end user locations to which you (including affiliates and agents) market broadband services that are primarily designed for residential use.

(2) The "service area" of an ILEC consists of those residential end user premises to which the ILEC can deliver telephone service over local loop facilities (or the fixed-wireless last mile equivalent) that it owns.

(3) The "service area" of a cable system consists of those residential end user premises to which the system can deliver cable service over cable plant that it owns.

		(a) Estimated % of residential end user premises
I.B.	Report your best estimate of the percentage of residential end user premises in your service area, in this state, to which your broadband connections could be provided using installed distribution facilities.	
I - 11.	Providers of xDSL (asymmetric or symmetric) connections should base responses on the service area of the affiliated ILECs.	0%
I - 12.	Providers of cable modem connections should base responses on the service area of the affiliated cable systems.	0%

FCC Form 477 -- Local Telephone Competition and Broadband Reporting **Part II: Wireline and Fixed Wireless Local Telephone** OMB NO: 3060-0816

Supra Telecommunications and Information Systems, Inc. for Florida June 30, 2007 EXPIRATION DATE: 05/31/2008

Complete Part II if you provided one or more voice-grade equivalent lines or wireless voice-grade equivalent channels used for local exchange or exchange access service in the state. See Instructions about including lines provisioned over channelized high-capacity facilities, including PRI circuits used to provide local connectivity to dial-up ISPs. Also see Instructions for definitions of "voice telephone service", "voice-grade equivalent", "end user", "residential lines", "presubscribed interstate long distance carrier", "own local loop facilities", and "UNE-Platform".

If in Part II you report voice-grade equivalent lines or voice-grade equivalent wireless channels for service provided to end users, you must provide in Part V a list containing the 5-digit Zip Codes of the locations to which you provide those lines or channels. See Instructions.

Do not report anywhere in the form special access lines or any high-capacity connections between two locations of the same end user customer, ISP or communications carrier. Note that competitive LECs (CLECs) typically do not provide either Total Service Resale or UNE arrangements. Therefore, on Line II-3 of Part II, CLECs typically report any wholesale switched voice lines and channels sold to unaffiliated communications carriers.

Data as of June 30, 2007

	(a) Total voice-grade equivalent lines and voice-grade equivalent wireless channels in service	Percentages of lines and wireless channels reported in (a)								
		(b) Residential lines	(c) For which you (including affiliates) are the presubscribed interstate long distance carrier	(d) Residential lines for which you (including affiliates) are the presubscribed interstate long distance carrier	(e) Provided over your own local loop facilities or the fixed wireless last-mile equivalent	(f) Provided over UNE loops obtained without UNE switching	(g) Provided over UNE-Platform	(h) Provided by reselling another carrier's service (including Centrex/Centron or channelized special access service)	(i) Provided over coaxial cable at the end user premises ("cable telephony")	(j) Provided over fixed wireless at the end user premises
II.A. Voice telephone service provided to end users.										
II - 1. Total lines and channels you provided to end users.	106,604	95%	97%	93%	0%	57%	10%	33%	0%	0%
II.B. Voice telephone service that you provided to unaffiliated communications carriers, categorized by:										
II - 2. Lines and channels you provided to unaffiliated communications carriers under Total Service Resale arrangements.	0									
II - 3. Lines and channels you provided to unaffiliated communications carriers under other resale arrangements, such as resold Centrex or resold channelized special access service.	0									
II.C. UNE loops that you provided to unaffiliated communications carriers, categorized by:	Total lines and wireless channels									
II - 4. Lines and channels that you provided to unaffiliated communications carriers under a UNE loop arrangement, where you did not provide switching for the line.	0									
II - 5. Lines and channels that you provided to unaffiliated communications carriers under a UNE loop arrangement, where you also provided switching for the line ("UNE-Platform").	0									

Supra Telecommunications and Information Systems, Inc. for Florida June 30, 2007

Complete Part III if you serve one or more mobile voice telephony subscribers in the state over your own facilities. See Instructions for definitions of "mobile voice telephony subscribers" and "own facilities".

Data as of June 30, 2007

	(a) Network telephone service subscribers	(b) Percentage of subscribers reported in (a) that are directly billed or pre-paid subscribers
III.A. Mobile voice telephony subscribers in service and served over your own facilities. (Include directly billed subscribers, pre-paid subscribers, and subscribers served via resellers.)		
III - 1. Cellular, PCS and other mobile telephony.		

Note: In Part III, count a subscriber as a mobile handset, car-phone or other revenue-generating active voice unit that has a unique phone number and that can place and receive calls from the public switched network. Subscriber counts by state should be based on the area codes of the phone numbers provided to subscribers.

Supra Telecommunications and Information Systems, Inc. for Florida June 30, 2007

FCC Form 477 -- Local Telephone Competition and Broadband Reporting **Part V: Zip Code Listings**

OMB NO: 3060-0816

EXPIRATION DATE: 05/31/2008

Supra Telecommunications and Information Systems, Inc. for Florida June 30, 2007

Filers reporting broadband connections (Part I) must supply lists of the 5-digit Zip Codes in which the filer provided each type of broadband connection reported in Part I, **except that**: (1) filers reporting mobile wireless broadband connections must report in column (g) the Zip Codes that best represent the "coverage area" in which the filer's mobile wireless broadband service was deployed and offered for sale to end users; and (2) the traditional wireline and other categories are combined in column (i).

Filers reporting voice telephone service provided to end users (Line II-1 of Part II) must provide in column (j) a list of the Zip Codes in which the filer provided such service.

V - 1. 5-digit Zip Codes, in the state, that are associated with the information reported in Part I and Part II, as specified herein. (Do not provide customer counts by Zip Code.)

Data as of June 30, 2007

	Broadband connections reported in Part I									Telephone service reported in Part II
	(a) Asymmetric xDSL	(b) Symmetric xDSL	(c) Cable modem	(d) Optical carrier (fiber to the end user)	(e) Satellite	(f) Terrestrial fixed wireless	(g) Terrestrial mobile wireless	(h) Electric power line	(i) Other including traditional wireline	(j) Wireline and fixed wireless exchange telephone

FCC Form 477 -- Local Telephone Competition and Broadband Reporting **Cover Page:** Name & Contact Information

OMB NO: 3060-0816
EXPIRATION DATE: 05/31/2008

All filers must complete Items 1 through 8 of this Cover Page. **Data as of**: December 31, 2007

Review Instructions before completing this form. Instructions are posted at:
http://www.fcc.gov/Forms/Form477/477instr.pdf

1. Company. Supra Telecommunications and Information Systems, Inc.

2. Filers must report data for ILEC and non-ILEC operations on separate forms.
Use the following drop-down box to indicate whether this worksheet contains data for ILEC or for non-ILEC operations.
Non-ILEC operations

3. Use the following drop-down box to select the name of your parent or controlling entity. If you are not affiliated with any other filer, select your company name. Select "not shown" if no appropriate name appears in the list. See Instructions section IV.B.1 for information on preparing file names.
Cleartel Communications, Inc.

If you selected "not shown" above, then provide the following:
Parent or controlling entity name (if none, enter company name).

4. Filers must report data for different states in separate forms.
State. Florida

5. Contact person (person who prepared the data contained below).
Jamie Villanueva

6. Contact person telephone number and email address.
Phone. 407-215-9736
Email. jvillanueva@cleartel.com

7. Indicate whether this is an original or revised filing.
Original Filing

8. Indicate whether you request non-disclosure of some or all of the information in this file because you believe that this information is privileged and confidential and public disclosure of such information would likely cause substantial harm to the competitive position of the filer.
Filer certifies that some data in this report is privileged and confidential

Reminders:

1) Ensure files are virus free by using up-to-date virus detection software. Filers are encouraged to submit files via email (address: FCC477@fcc.gov).

2) If you are filing original or revised data for an earlier semi-annual reporting period, do not use this particular form (which is only for data as of December 31, 2007). See reminder 4.

3) You may not insert or delete columns or rows, move cells, or edit text or numbers outside the cells provided for data entries. Filers will be required to correct and resubmit any files that cannot be opened in EXCEL 2003, any files whose structure has been altered, and any files with improper names.

4) If you have questions about the form, contact the Wireline Competition Bureau, Industry Analysis and Technology Division at (202) 418-0940; via email at 477INFO@fcc.gov; or via TTY at (202) 418-0484.

5) You must submit a Certification Statement signed by an officer of your company. A single statement may cover all files submitted. See Instructions sections IV & V.

6) Name your files as specified in Instructions section IV.B.1. To assist you, complete this Cover Page to generate an "example" name, below. Replace the character "#" in this example name with a sequence number as specified in Instructions. This number should be "1" unless using "1" would cause you to submit more than one file with the identical file name.

Example >>> FLA#D07Supra Telecommunications and Information Systems, In

FCC Form 477 -- Local Telephone Competition and Broadband Reporting **Part I: Broadband**

OMB NO: 3060-0816

EXPIRATION DATE: 05/31/2008

Supra Telecommunications and Information Systems, Inc. for Florida December 31, 2007

Complete Part I.A if you provide one or more lines or wireless channels in the state that connect end users to the Internet at information transfer rates exceeding 200 kbps in at least one direction. For this purpose, include connections provided over your own local loop facilities or over lines or wireless channels you provisioned to enable information transfer at the end user location at rates exceeding 200 kbps in at least one direction. See Instructions for definitions of "broadband", "end user", "own local loop facilities", and "residential end user premises".

If you complete Part I.A, you must provide in Part V specified lists of 5-digit Zip Codes. See Instructions.

Do not report anywhere in the form any high-capacity connections between two locations of the same end user customer, ISP or communications carrier.

Data as of December 31, 2007

I.A. Lines and wireless channels connecting end users to the Internet that you provided over your own local loop facilities, or over UNE loops or other lines and wireless channels that you obtained from unaffiliated entities and equipped as broadband, categorized by technology at the end user location.

	(a)	Percentages of lines and wireless channels reported in (a), and			That have information transfer rates exceeding 200 kbps in both directions, and:					
		(b)	(c)	(d)	(e)	(f)	(g)	(h)	(i)	(j)
	Total connections to end users (information transfer rates exceeding 200 kbps in at least one direction)	Provided to residential end user premises	Provided over your own local loop facilities or the wireless last-mile equivalent	Billed (or incorporated in a service billed) to end users by you, or your affiliates or agents	Provided to residential end user premises	Have information transfer rates in the faster direction greater than 200 kbps and less than 2.5 mbps	Have information transfer rates in the faster direction greater than or equal to 2.5 mbps and less than 10 mbps	Have information transfer rates in the faster direction greater than or equal to 10 mbps and less than 25 mbps	Have information transfer rates in the faster direction greater than or equal to 25 mbps and less than 100 mbps	Have information transfer rates in the faster direction greater than or equal to 100 mbps
I - 1. Asymmetric xDSL.										
I - 2. Symmetric xDSL.										
I - 3. Traditional wireline such as T-carrier.	1									
I - 4. Cable modem.										
I - 5. Optical carrier (fiber to the end user).										
I - 6. Satellite.										
I - 7. Terrestrial fixed wireless (licensed or unlicensed).										
I - 8. Terrestrial mobile wireless (licensed or unlicensed).										
I - 9. Electric power line.										
I - 10. All other technologies. Report specific technology and the corresponding number of connections in the comment section of Part IV.										

Note: In Part I.A, report actual counts of connections. Do not report voice-grade equivalent measures.

Supra Telecommunications and Information Systems, Inc. for Florida December 31, 2007

Complete Part I.B **ONLY IF** you are an ILEC (or an affiliate of an ILEC) that is reporting asymmetric or symmetric xDSL connections in Part I.A **OR** you are a cable system (or an affiliate of a cable system) that is reporting cable modem connections in Part I.A.

For the purposes of completing Part I.B:

(1) "Residential end user premises" include residential living units, individual living units in such institutional settings as college dormitories and nursing homes, and other end user locations to which you (including affiliates and agents) market broadband services that are primarily designed for residential use.

(2) The "service area" of an ILEC consists of those residential end user premises to which the ILEC can deliver telephone service over local loop facilities (or the fixed-wireless last mile equivalent) that it owns.

(3) The "service area" of a cable system consists of those residential end user premises to which the system can deliver cable service over cable plant that it owns.

		(a)
I.B.	Report your best estimate of the percentage of residential end user premises in your service area, in this state, to which your broadband connections could be provided using installed distribution facilities.	Estimated % of residential end user premises
I - 11.	Providers of xDSL (asymmetric or symmetric) connections should base responses on the service area of the affiliated ILECs.	
I - 12.	Providers of cable modem connections should base responses on the service area of the affiliated cable systems.	

FCC Form 477 -- Local Telephone Competition and Broadband Reporting **Part II: Wireline and Fixed Wireless Local Telephone** OMB NO: 3060-0816

Supra Telecommunications and Information Systems, Inc. for Florida December 31, 2007 EXPIRATION DATE: 05/31/2008

Complete Part II if you provided one or more voice-grade equivalent lines or wireless voice-grade equivalent channels used for local exchange or exchange access service in the state. See Instructions about including lines provisioned over channelized high-capacity facilities, including PRI circuits used to provide local connectivity to dial-up ISPs. Also see Instructions for definitions of "voice telephone service", "voice-grade equivalent", "end user", "residential lines", "presubscribed interstate long distance carrier", "own local loop facilities", and "UNE-Platform".

If in Part II you report voice-grade equivalent lines or voice-grade equivalent wireless channels for service provided to end users, you must provide in Part V a list containing the 5-digit Zip Codes of the locations to which you provide those lines or channels. See Instructions.

Do not report anywhere in the form special access lines or any high-capacity connections between two locations of the same end user customer, ISP or communications carrier. Note that competitive LECs (CLECs) typically do not provide either Total Service Resale or UNE arrangements. Therefore, on Line II-3 of Part II, CLECs typically report any wholesale switched voice lines and channels sold to unaffiliated communications carriers.

Data as of December 31, 2007

	(a) Total voice-grade equivalent lines and voice-grade equivalent wireless channels in service	Percentages of lines and wireless channels reported in (a)								
		(b) Residential lines	(c) For which you (including affiliates) are the presubscribed interstate long distance carrier	(d) Residential lines for which you (including affiliates) are the presubscribed interstate long distance carrier	(e) Provided over your own local loop facilities or the fixed wireless last-mile equivalent	(f) Provided over UNE loops obtained without UNE switching	(g) Provided over UNE-Platform	(h) Provided by reselling another carrier's service (including Centrex/Centron or channelized special access service)	(i) Provided over coaxial cable at the end user premises ("cable telephony")	(j) Provided over fixed wireless at the end user premises
II.A. Voice telephone service provided to end users.										
II - 1. Total lines and channels you provided to end users.	80,884	95%	98%	93%	0%	56%	10%	34%	0%	0%
II.B. Voice telephone service that you provided to unaffiliated communications carriers, categorized by:										
II - 2. Lines and channels you provided to unaffiliated communications carriers under Total Service Resale arrangements.										
II - 3. Lines and channels you provided to unaffiliated communications carriers under other resale arrangements, such as resold Centrex or resold channelized special access service.										
II.C. UNE loops that you provided to unaffiliated communications carriers, categorized by:	Total lines and wireless channels									
II - 4. Lines and channels that you provided to unaffiliated communications carriers under a UNE loop arrangement, where you did not provide switching for the line.										
II - 5. Lines and channels that you provided to unaffiliated communications carriers under a UNE loop arrangement, where you also provided switching for the line ("UNE-Platform").										

Supra Telecommunications and Information Systems, Inc. for Florida December 31, 2007

Complete Part III if you serve one or more mobile voice telephony subscribers in the state over your own facilities. See Instructions for definitions of "mobile voice telephony subscribers" and "own facilities".

Data as of December 31, 2007

	(a) Network telephone service subscribers	(b) Percentage of subscribers reported in (a) that are directly billed or pre-paid subscribers
III.A. Mobile voice telephony subscribers in service and served over your own facilities. (Include directly billed subscribers, pre-paid subscribers, and subscribers served via resellers.)		
III - 1. Cellular, PCS and other mobile telephony.		

Note: In Part III, count a subscriber as a mobile handset, car-phone or other revenue-generating active voice unit that has a unique phone number and that can place and receive calls from the public switched network. Subscriber counts by state should be based on the area codes of the phone numbers provided to subscribers.

FCC Form 477 -- Local Telephone Competition and Broadband Reporting **Part V: Zip Code Listings**

OMB NO: 3060-0816

EXPIRATION DATE: 05/31/2008

Supra Telecommunications and Information Systems, Inc. for Florida December 31, 2007

Filers reporting broadband connections (Part I) must supply lists of the 5-digit Zip Codes in which the filer provided each type of broadband connection reported in Part I, **except that**: (1) filers reporting mobile wireless broadband connections must report in column (g) the Zip Codes that best represent the "coverage area" in which the filer's mobile wireless broadband service was deployed and offered for sale to end users; and (2) the traditional wireline and other categories are combined in column (i).

Filers reporting voice telephone service provided to end users (Line II-1 of Part II) must provide in column (j) a list of the Zip Codes in which the filer provided such service.

V - 1. 5-digit Zip Codes, in the state, that are associated with the information reported in Part I and Part II, as specified herein. (Do not provide customer counts by Zip Code.)

Data as of December 31, 2007
