Issue 2: What are the appropriate wastewater rates for Continental Utility, Inc.?

Recommendation: The recommended rates should be designed to allow the utility the opportunity to generate additional revenues of \$46,332 for wastewater service. This results in a wastewater increase of \$3.55 per month, or approximately 20.25%, for the average residential customer. The utility should be required to file revised tariff sheets and a proposed customer notice to reflect the appropriate rates. The approved rates should be effective for service rendered on or after the stamped approval date of the tariff, pursuant to Rule 25-30.475(1), F.A.C., provided the notice has been approved by staff. Within 10 days of the date the order is final, the utility should be required to provide notice of the tariff changes to all customers. The utility should provide proof the customers have received notice within 10 days after the date that the notice was sent.

Issue 3: Should the recommended rates be approved for the utility on a temporary basis, subject to refund, in the event of a protest filed by a substantially affected person?

Recommendation: Yes. The recommended rates should be approved for the utility on a temporary basis, subject to refund, in the event of a protest filed by a substantially affected person. Prior to implementation of any temporary rates, the utility should provide appropriate security. If the recommended rates are approved on a temporary basis, the rates collected by the utility should be subject to the refund provisions discussed in the analysis portion of staff's memorandum dated April 24, 2008. In addition, after the increased rates are in effect, pursuant to Rule 25-30.360(6), F.A.C., the utility should file reports with the Commission's Division of Economic Regulation no later than the 20th of each month indicating the monthly and total amount of money subject to refund at the end of the preceding month. The report filed should also indicate the status of the security being used to guarantee repayment of any potential refund.

APPROVED

Issue 4: Should this docket be closed?

Recommendation: If a protest is not received from a substantially affected person within 21 days of issuance of the Proposed Agency Action Order, a Consummating Order will be issued. If a Consummating Order is issued, the docket should be closed upon its issuance and upon staff's approval of the revised tariff sheets.
