FPSC-COMMISSION CLERK

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for determination of need
for Levy Units 1 and 2 nuclear power plants,
by Progress Energy Florida, Inc.

Docket No. 080148-EI

Submitted for Filing: May 8, 2008

**PROGRESS ENERGY FLORIDA'S RESPONSES TO
STAFF'S FIFTH REQUEST FOR PRODUCTION OF DOCUMENTS
(NO. 22)**

Progress Energy Florida, Inc. ("PEF"), responds to Staff's Fifth Request for
Production of Documents to PEF (No. 22), as follows:

RESPONSES TO SPECIFIC REQUESTS

22. Please provide the Henry Hub gas price forecast associated with the Mid-Reference
natural gas price forecast.

ANSWER: Please see column two of the spreadsheet bearing Bates No. PEF-
LNN000354 attached to PEF's Second Request for Confidential Classification filed on
April 16, 2008. This document provides the "Henry Hub gas price forecast associated with
the Mid-Reference natural gas price forecast" for the years 2007 through 2026. The Henry
Hub forecast was not specifically extended beyond 2026. Rather the Strategist modeling
natural gas forecast beyond 2026 was based on the escalation rate applied to the delivered
variable natural gas price which combines the Henry Hub and the Z3 basis differential
costs projections.
