Docket No. 080148-EI

Submitted for Filing: May _____, 2008

**AFFIDAVIT OF DANIEL L. RODERICK IN SUPPORT OF
PROGRESS ENERGY FLORIDA'S NINTH
REQUEST FOR CONFIDENTIAL CLASSIFICATION**

STATE OF FLORIDA

COUNTY OF CITRUS

BEFORE ME, the undersigned authority duly authorized to administer oaths, personally appeared Daniel L. Roderick, who being first duly sworn, on oath deposes and says that:

1. My name is Daniel L. Roderick. I am over the age of 18 years old and I have been authorized by Progress Energy Florida (hereinafter "PEF" or the "Company") to give this affidavit in the above-styled proceeding on PEF's behalf and in support of PEF's Request for Confidential Classification. The facts attested to in my affidavit are based upon my personal knowledge.

2. I am the Vice President of Nuclear Projects and Construction for PEF's nuclear plant. This department manages nuclear generation growth strategies.

3. As the Vice President of Nuclear Projects and Construction, I am responsible for all aspects of major projects and construction of nuclear generating assets in Florida, including the administration of PEF's contracts with various nuclear plant contractors.

4. PEF is seeking confidential classification for portions of Late-Filed Deposition Exhibit of Daniel L. Roderick No. 1. A detailed description of the confidential information at

issue is contained in confidential Exhibit A to PEF's Ninth Request for Confidential Classification and is outlined in PEF's Justification Matrix that is attached to PEF's Ninth Request for Confidential Classification as Exhibit C. PEF is requesting confidential classification of this information because public disclosure of the information in question would violate confidentiality agreements between PEF and its nuclear vendors and would impair PEF's ability to contract for nuclear goods and services on competitive and favorable terms.

5. Portions of the Late-Filed Exhibit of Daniel L. Roderick No. 1 contains confidential contractual information regarding the purchase of equipment and services necessary to complete the Levy Nuclear Project. Part of this response contains information regarding contractual arrangements between PEF and providers of nuclear equipment and services that would adversely impact PEF's competitive business interests if disclosed to the public. PEF must be able to assure these vendors that sensitive business information, such as the terms of their contracts, will be kept confidential. Indeed, the contracts at issue contains confidentiality provisions that prohibit the disclosure of the terms of the contracts to third parties. Specifically, the information at issue relates to competitively negotiated contractual data and other contractual terms, the disclosure of which would impair the efforts of the Company to negotiate these contracts on favorable terms. If other third parties were made aware of confidential contractual terms that PEF has with other parties, they may offer PEF less competitive contractual terms in future contractual negotiations. Without PEF's measures to maintain the confidentiality of sensitive terms in contracts between PEF and nuclear contractors, the Company's efforts to obtain competitive contracts for the Levy Nuclear Project could be undermined.

6. Upon receipt of this confidential information, and with its own confidential information, strict procedures are established and followed to maintain the confidentiality of the documents and information provided, including restricting access to those persons who need the

information to assist the Company, and restricting the number of, and access to the information. At no time since receiving the information in question has the Company publicly disclosed that information. The Company has treated and continues to treat the information at issue as confidential.

7. This concludes my affidavit.

Further affiant sayeth not.

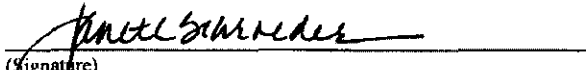

Dated the 30th day of May, 2008.

**AFFIDAVIT OF ALEXANDER (SASHA) WEINTRAUB IN SUPPORT OF PROGRESS
ENERGY FLORIDA'S NINTH REQUEST FOR CONFIDENTIAL CLASSIFICATION**

STATE OF NORTH CAROLINA

COUNTY OF WAKE

BEFORE ME, the undersigned authority duly authorized to administer oaths, personally appeared Sasha Weintraub, who being first duly sworn, on oath deposes and says that:

1. My name is Sasha Weintraub. I am over the age of 18 years old and I have been authorized by Progress Energy Florida (hereinafter "PEF" or the "Company") to give this affidavit in the above-styled proceeding on PEF's behalf and in support of PEF's Request for Confidential Classification. The facts attested to in my affidavit are based upon my personal knowledge.

2. I am the Vice President of Regulated Fuels Department. This department is responsible for the procurement of coal, natural gas, and fuel oil for PEF and Progress Energy Carolinas ("PEC") systems.

3. As the Vice President of Regulated Fuels Department, I am responsible for, among other things, the procurement of coal, natural gas, and fuel oil for PEF and PEC. I am also responsible for the Company's coal, natural gas, and fuel oil price forecasts used for resource planning purposes and in connection with the Company's Ten Year Site Plan filing each year.

4. PEF is seeking confidential classification for portions of the Late-Filed Deposition Exhibit of Sasha Weintraub No. 1. A detailed description of the confidential information at issue is contained in confidential Exhibit A to PEF's Ninth Request for Confidential Classification and is outlined in PEF's Justification Matrix that is attached to PEF's Ninth Request for Confidential Classification as Exhibit C. PEF is requesting confidential classification of this portion of the exhibit, because it contains confidential information regarding contracts between PEF and outside vendors who provide fuel forecasting data, the disclosure of which would compromise PEF's competitive business interests.

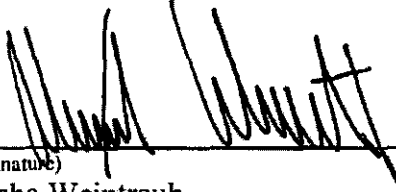

5. Late-Filed Deposition Exhibit of Sasha Weintraub No. 1 are documents regarding coal, oil, and natural gas forecasting data and market information, which PEF purchases from third party entities. The terms of the contracts under which PEF purchases these fuel forecasts requires PEF to maintain the information contained in these reports as confidential. Disclosure of this information would violate the terms of those confidentiality agreements. In addition, if PEF disclosed this confidential forecasting data, the third parties that sell this data may be unwilling in the future to offer such information to PEF, which could adversely affect PEF's competitive business interests in buying fuel.

6. Upon receipt of this confidential information, and with its own confidential information, strict procedures are established and followed to maintain the confidentiality of the terms of the documents and information provided, including restricting access to those persons who need the information to assist the Company, and restricting the number of, and access to the information and contracts. At no time since receiving the contracts and information in question has the Company publicly disclosed that information or contracts. The Company has treated and continues to treat the information and contracts at issue as confidential.

7. This concludes my affidavit.

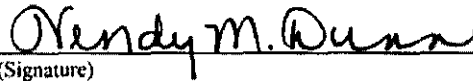

Further affiant sayeth not.
