Complaint: Other Complaint against Tampa Electric Company  
Details:

I am writing to ask for all the commissioners to please deny the rate increase from TECO we as Floridians are suffering enough trying to pay our bills and putting food on the table. When it comes down to decide to pay a bill or have food I am going to put food in my childrens mouth. In a time that the economy is hurting severely I hope that you would take into consideration the consumers who are going to be stuck with trying to find another way to make more money when the economy is weak and jobs are slim to pay for something that we need. Thank you for listening to my concern.

Docket No. 080317

Gentelmen,

How can the PSC give any consideration to TECO concerning rate increases when fuel prices are spiraling down. What is the fuel adjustment in my billing for? I always assumed that when fuel prices rose so would if that is true, why would TECO need to raise rates,
