REGISTRY SERVICE

Enclosed is an outline and update of the status of the deficiencies notice sent to us.

Noticing.

Noticing will be completed as soon as possible. We received your email with the new info since our current list has expired past the 60-day notice, however is in process already.

2) We currently are working to complete our land lease and still needs to be approved by the Board of Directors. If any changes are necessary we will make them and have the contract signed to be legal.

Below is the response to the additional information requested.

- 1) The tariff has been retyped to reflect Cedar Acres Inc. on all pages
- 2) All utility customers do have their own septic tanks to handle wastewater
- 3) No commercial property is connected to our water source.
- 4) The utility does not currently and has not in the past charged for new connections.
- 5) Cedar Acres Inc. has 2-6 inch wells and both pumps have a 300 gallons per minute capacity. I verified with the DEP that our current average daily gallon usage is well below our permitted amount

With regards to questions of financials and tax returns we will supply them as soon as our account has finished preparing that info and will forward them in a separate response. Our current tax year ends in June for 07-08 tax year. We can currently supply copies of the 06-07 fiscal year for your review if this would be considered.

Thank you for your patience and cooperation in completing this and I look forward to speaking with you soon. I will continue to forward all documents to you as they are completed so we can complete this as soon as possible.
