Re: Docket No. 080183-WU

Joint Application of Tamiami Village Water Company, Inc. and Ni Florida, LLC for  
Approval of Transfer of Tamiami Village Water Company, Inc's Water System.

Dear Ms. Cole:

I am writing on behalf of Tamiami Village Water Company in response to a letter dated  
May 28, 2008, from the Tamiami Master Association, Inc.

First, we appreciate the composition of the Master Association but were just trying to  
make the point that the Tamiami Master Association Inc. is not a Homeowners  
Association. We appreciate the clarification.

Second, if the customer on Pluto Circle has any documentation we would be willing to  
evaluate. We have given the customer documentation of our findings.

Third, the customer on Mercury was not charged for this repair. We have documentation  
of the compaction work performed.

Fourth, we are always welcome to suggestions on leak prevention.

Fifth, we don't understand why our answering service advised Barbara that no one would  
return her call. We are faxed all our messages by the answering service and return all our  
calls. We also advise the answering service of the boiling water status.

I spoke with Barbara Oliveira today, went through each of her concerns and believe we  
have a plan of action to resolve her concerns. I have given Ms. Oliveira my cell number.

John J. Ustica, President

Cc: Barbara J. Oliveira, Tamiami Master Association, Inc.
