Concise explanation, justification or comments (attach additional sheet if necessary):

Staff is requesting that item 14 be deferred for one agenda. After discussions with OPC late last night, staff is in agreement that there is a material error in the wastewater gallonage charges which results in the rates being overstated. The fallouts are: 1) that the BFC recommended allocation will drop from 75% down to 50% to avoid unusually low kgal charges; 2) the number of wastewater kgals repressed changes; and 3) post-repression wastewater revenue requirement changes. The result is that all wastewater rates will change.
