General Data Requests for 080043-TX

1. Does Tele Circuit Network Corporation provide Lifeline service in any other state? If so, please list the state and whether this service is provided through a wholesale local platform or through resale. In addition, have any of these states utility commissions received any complaints concerning Tele Circuit Network Corporation service in that state? If so, please describe.

RESPONSE: Tele Circuit Network Corporation currently offers LifeLine products in the AT&T services areas under Resale. To our knowledge there are no open complaints concerning Tele Circuit Network Corporation in any of the states we provide service.

2. Has Tele Circuit been granted or denied ETC status in any other state? If so, please list the state and docket number in which ETC status was granted or denied. Has Tele Circuit filed for ETC status in any state and subsequently withdrawn the petition?

RESPONSE: No, Tele Circuit has not been granted or denied ETC status in any other state. No such petitions have been withdrawn.

3. According to 47 C.F.R. 54.201(d)(1), A company must offer the services that are supported by federal universal service support mechanisms either using its own facilities or a combination of its own facilities and resale of another carrier's services. Please provide any resale or Commercial agreements you currently have in Florida with other telecommunications carriers or signed evidence of the agreements.

RESPONSE: Please see attached Exhibit "A".

4. What facilities, planned or existing, does Tele Circuit Network Corporation have in Florida in order to serve Florida customers?

RESPONSE: Tele Circuit does not own, operate, or provide service in the State of Florida through the use of its own facilities. Current plans call for Tele Circuit to continue to provide service to its end users through the leasing of switched port/loop combination UNE's (previously known as UNE-P) or through resale.

5. How many Florida residential and commercial customers does Tele Circuit presently serve?

RESPONSE: Tele Circuit currently has 1,607 Florida customers as of June, 2007.

DOCUMENT NUMBER-DATE

05919 JUL-9 8

FPSC-COMMISSION CLERK

6. Please provide examples about how Tele Circuit Network Corporation advertises, using media of general distribution, the availability of the supported services and what the charges are for these services.

RESPONSE: Please see attached Exhibit "B".

7. Does Tele Circuit Network Corporation provide service to its customers via a prepaid service? If so, what percentage of its customers receive their service via a prepaid service?

RESPONSE: Yes. At present, 100% of Tele Circuit's service is provided on a prepaid basis.

8. What is the average customer bill for a Tele Circuit Network Corporation residential telephone customer? In your response, please include the jurisdictions that this information is obtained from, and if there are variances in the bills pertaining to Florida customers, delineate those differences.

RESPONSE: Tele Circuit's average residential customer bill is \$38.00 including taxes & surcharges. This calculation is generated monthly based on our entire active customer database.

9. As a condition of receiving local service, are Tele Circuit Network Corporation residential customers required to subscribe to Tele Circuit Network Corporation long-distance services?

RESPONSE: No. Customers have the ability to subscribe to a plan that provides basic dial tone service, which does not require subscription to Tele Circuit's long distance service.

10. What specific plans does Tele Circuit Network Corporation have for advertising its offering of Lifeline Service in Florida?

RESPONSE: Tele Circuit utilizes Agent payment locations for store signs and brochures. Periodically advertising is done through local TV, Radio Stations, newspaper ads and/or trade magazines.

The information provided to the customers will be the information as shown in both English and Spanish on the Florida PSC website for Lifeline and Linkup.

11. If Tele Circuit Network Corporation receives an ETC designation in Florida, approximately how long will it take for Tele Circuit Network Corporation to offer Lifeline service in the area in which it receives the ETC designation? Please elaborate on any extended or special circumstances.

RESPONSE: Tele Circuit plans to provide Lifeline service within 60 days of ETC designation.

12. Tele Circuit's petition requests ETC status in non-rural areas of BellSouth/AT&T, Embarq, and Verizon. All of Embarq's Florida service area is considered rural for universal service purposes. If Tele Circuit is requesting on non rural areas for ETC status, its petition will have to be modified to eliminate the request in Embarq's service area. Does Tele Circuit only request ETC status in non-rural areas as stated in paragraph 9 of its application?

RESPONSE: Tele Circuit requests ETC status in rural and non-rural BellSouth/AT&T and Verizon service territories only.

13. Describe Tele Circuit Network Corporation's local usage plans pursuant to 47 C.F.R. 54.101(a)(2). If phone service is offered in a bundled package, please describe and enumerate the wire line local component (charge for local phone service) for which universal service compensation would be based on?

RESPONSE: Tele Circuit's product offerings incorporate customer local usage into its basic price. We currently do not charge extra fee's for minutes of usage in extended local calling areas. Once ETC certified, Tele Circuit intends to pass through the appropriate credits reducing the monthly recurring price for LifeLine approved customers.

14. Describe the access Tele Circuit Network Corporation plans to provide to emergency services, such as 911 and enhanced 911 as defined in 47 C.F.R. 54.101(a)(5).

RESPONSE: Tele Circuit will offer the use of the same 911 services to its end users as those offered by the ILECs to their own end users.

15. Do Tele Circuit Network Corporation's customers have access to competitive directory assistance providers, as defined as by 47 C.F.R. 54.101(a)(8).

RESPONSE: As a prepaid provider of telephone service, Tele Circuit routinely blocks access to services that require billing in arrears. However, Tele Circuit plans to comply with 47 C.F.R. 54.101(a)(8) by providing Lifeline customers, upon request, access to competitive directory assistance services.

16. Describe the toll-limitation features of Tele Circuit Network Corporation. See 47 C.F.R. 54.101(a)(9).

RESPONSE: As a prepaid provider of residential service, Tele Circuit routinely orders toll restriction, which, with the exception of toll free numbers, blocks access to all 1+ dialing patterns. Pursuant to 47 C.F.R. 54.101(a)(9), toll restriction is provided at no charge.

17. According to 47 C.F.R. 54.101(c):

A. state commission may grant the petition of a telecommunications carrier that is otherwise eligible to receive universal service support under Sec. 54.201, if the party is requesting additional time to complete the network upgrades needed to provide single-party service, access to enhanced 911 service, or toll limitation. If such petition is granted, the otherwise eligible communications carrier will be permitted to receive universal service support for the duration of the period designated by the state commission.

If you will be making such a request, what time frame will be necessary for Tele Circuit Network Corporation to accomplish these network upgrades? Please include in your response all areas for which you are seeking ETC designation.

RESPONSE: Not Applicable.

18. Pursuant to Florida Statutes Title XXVII, Chapter 364.025 (2), the Florida Legislature has determined that each telecommunication company should contribute its fair share to the support of Florida's universal service objectives and carrier-of-last-resort obligations. Please elaborate on how Tele Circuit Network Corporation plans on fulfilling its responsibility of being the carrier-of-last-resort?

RESPONSE: Applicant acknowledges it shall provide equal access if all other ETCs in the Designated Service Area relinquish their designations pursuant to section 214(e) of the Telecommunications Act of 1996. The FCC's ETC Order does not impose a general equal access requirement on ETC applicants at this time, but instead suggests the applicants acknowledge that an ETC applicant may be required to provide equal access to long distance carriers in their designated service area in the event that no other ETC is providing equal access within the service area. Applicant acknowledges this potential and will abide by the requirement should it occur in the future.

19. Because of the significance of being the carrier-of-last-resort, would you be willing to sign an affidavit attesting to your critical responsibilities?

RESPONSE: Yes. Tele Circuit is willing to sign an affidavit attesting to Tele Circuit's critical responsibilities.

20. Does Tele Circuit Network Corporation understand that there may be an audit of the use of universal service funds and that the eligible telecommunications service designation is reviewed annually by state commissions?

RESPONSE: Tele Circuit Network Corporation understands that there may be an audit of the use of universal service funds and that the eligible telecommunications service designation is reviewed annually by state commissions.

21. Does Tele Circuit Network Corporation have any outstanding complaints at the Federal Communications Commission? If yes, please provide a synopsis of these complaints.

RESPONSE: Tele Circuit does not have any outstanding complaints at the Federal Communications Commission.

22. Is Tele Circuit Network Corporation's account current with the Federal Communications Commission in regards to regulatory fees? If not, please explain what steps, if any, are being taken to resolve/rectify this situation.

RESPONSE: To the best of Tele Circuit's knowledge, Tele Circuit is up to date on all regulatory fees.

23. Is Tele Circuit Network Corporation's account current with the Universal Service Administrative Company in regards to universal service contributions?

RESPONSE: To the best of Tele Circuit's knowledge, Tele Circuit is up to date on all universal service contributions.

24. Please provide a Certification attesting to the best of your knowledge, information and belief, all statements of fact contained in the request are correct statements of the business and affairs of the requesting carrier with respect to each and every matter set forth in this request.

RESPONSE: Please see attached Exhibit "C"

25. Does Tele Circuit Network Corporation understand that any resold Lifeline, Link-Up or TLS service purchased through AT&T Resale Services cannot be claimed by Tele Circuit as access lines eligible for reimbursement from USAC?

RESPONSE: Tele Circuit Network Corporation understands that any resold Lifeline, Link-Up or TLS service purchased through AT&T Resale Services cannot be claimed by Tele Circuit Network Corporation as access lines eligible for reimbursement from USAC.

26. In Exhibit 1, you provided a list of each wire center for which Tele Circuit Network Corporation is requesting ETC status in Florida. Is this list complete?

RESPONSE: Yes. The wire center list is complete.

27. Please provide Tele Circuit Network Corporation's corporate structure.

RESPONSE: Please see attached Exhibit "E"

28. Please provide a list of Tele Circuit's owners or corporate officers and indicate if any are also owners or corporate officers of any other Telecommunication Companies.

RESPONSE: Please see attached Exhibit "F"

29. Please provide an example of a typical Tele Circuit Network Corporation residential and business customer bill.

RESPONSE: Please see attached Exhibit "G"

30. Please provide 2006 Financial Statements for Tele Circuit Network Corporation

RESPONSE: Please see attached Exhibit "H".

31. Will Tele Circuit Network Corporation seek TLS reimbursement from USAC if granted ETC status? If yes, provide a detailed list of the incremental costs it will be claiming.

RESPONSE: Yes, a detailed list of the incremental costs it will be claiming is as follows:

One time installation charge	\$7.82
Monthly recurring charge	\$3.87
Cost to administer per customer/per month	\$0.50

32. Will Tele Circuit Network Corporation seek Link-Up reimbursement from USAC if granted ETC status? If yes, list the amount per customer Tele Circuit Network Corporation would be claiming.

RESPONSE: Yes, Link-Up reimbursement will be claimed in the amount of \$30.00 per customer, or the highest amount allowable.

33. Will Tele Circuit Network Corporation seek Lifeline reimbursement from USAC if granted ETC status? If yes, list the amount per customer Tele Circuit Network Corporation would be claiming.

RESPONSE: Yes, Lifeline reimbursement will be claimed in the amount of \$13.50 per customer, per month, or the highest amount allowable.

34. Does Tele Circuit Network Corporation provide service to customers using bundled packages? If so, will Tele Circuit Network Corporation provide the \$13.50 Lifeline discount to any bundle a customer chooses?

RESPONSE: Yes, service is provided in bundled packages, and Lifeline discounts will apply to any bundle that a customer chooses.

35. Does Tele Circuit Network Corporation understand that Florida ETCs provide a non-reimbursable \$3.50 credit per month to each Lifeline customer's bill in addition to the Federal \$10.00 reimbursement credit?

RESPONSE: Yes, Applicant understands that Florida ETCs provide a non-reimbursable \$3.50 credit per month to each Lifeline customer's bill in addition to the Federal \$10.00 reimbursement credit.

36. Does Tele Circuit Network Corporation understand that Florida's Lifeline program provides that if a Lifeline customer is no longer eligible for Lifeline, the ETC must provide a 30% monthly discount off its local rate to that customer for a period of 12 months at the ETCs expense?

RESPONSE: Yes, Applicant understands that Florida's Lifeline program provides that if a Lifeline customer is no longer eligible for Lifeline, the ETC must provide a 30% monthly discount off its local rate to that customer for a period of 12 months at the ETCs expense.

37. Please provide Tele Circuit Network Corporation's purpose for requesting ETC status in Florida. What does the company hope to achieve?

RESPONSE: Tele Circuit Network Corporation's purpose for requesting ETC status in Florida is to make more eligible consumers aware of the Lifeline and Link-Up programs, and to provide such service at a discounted rate, by applying the credit amounts, and the additional \$3.50 Florida ETC credit.
