Subject: Item 3 on July 29 AGENDA Oral modification to Recommendation

Hi Dr. Bane,

I seek your approval of the following oral modification at Agenda tomorrow.

Regarding ITEM 3, Recommendation Page 3, next-to-last paragraph:

Staff wishes to make the following oral modification at Agenda:

Commissioners, subsequent to the filing of staff's recommendation, staff became aware that Comcast's Response was filed on June 17, rather than June 16, as stated in the recommendation. Comcast's Response was thus filed untimely.

Staff has spoken with counsel for Verizon and Verizon has no objection to the Commission accepting for consideration Comcast's Response. Therefore, staff recommends that the Commission accept the Comcast's late-filed response.

If approved, staff will incorporate the Commission's decision into the Order.
