Re: East Marion Sanitary System Inc.
Revised Connection/Transfer Sheets &
Miscellaneous Service Charges

To Whom it may concern:

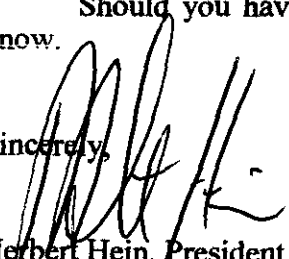

East Marion Sanitary Systems would like to amend its connection/transfer sheet tariffs to be able to better identify its customers and be able to turn over to collection the delinquent accounts as the Utility is getting more turnover due to the poor economy and more customers not paying their final bills. The Utility also would like to get approval to increase its charge of \$20.00 to \$25.00 for returned checks along with being able to ask for either a cashiers check or money order and not just cash in place of a bounced check. The Utility would also like to amend its miscellaneous service charges to conform to the current cost of such service. Attached are proposed connection/transfer sheets for staff approval, along with proposed charges for the miscellaneous charges. The Utility also would request an increase in its meter installation charges from \$70.00 to \$195.00 (or higher). The Utility does not have any onsite personnel to perform these services and needs to contract out for them. The existing charges have been in place since the inception of the Utility (1987) and were not reviewed or amended as part of the staff assisted rate case in 2002.

Finally, the Utility would like to request imposition of a new "tap-in" fee, when required, in order to provide separate irrigation service. Attached are three estimates for performing this work by outside contractors. The proposed charges are based on the average of these proposals.

Attached are proposed new tariff sheets for staff approval.

Should you have any questions or comments in regard to these matters, please let me know.

Sincerely,

Herbert Hein, President

**NOTICE OF APPLICATION FOR AMENDMENT TO
EAST MARION SANITARY SYSTEM'S TARIFF
FOR IRRIGATION METER INSTALLATION**

Notice is hereby given on the ___ day of _____, 2008, pursuant to Section 367.101, Florida Statutes that East Marion Sanitary System Inc., requests permission from the Florida Public Service Commission to amend its Tariff to add an irrigation meter installation charge and amend its current meter installation charge, miscellaneous service charges and amend its connection / transfer sheet. The application has been assigned Docket No. _____. A copy of the Petition and Stipulation filed with the Commission is available through the Commission and can also be reviewed at the following locations:

East Marion Sanitary, Inc
Lakeview Woods Property Owners Association.

The purpose of the proposed amendment to the Utility's Tariff, is to pay for the cost associated with installing irrigation meters for those customers requesting irrigation service. The amendment will only affect customers requesting irrigation meters after the date of application, not customers that already have irrigation meters. It will become effective upon approval by the Commission.

A comparison of the current and proposed charges for irrigation meter installation charges appear on the next page.

Any comments or concerns about the proposed amendment to the Utility's Tariff request must be made in writing and filed with the Office of Commission Clerk, Florida Public Service Commission, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, with a copy to both the Utility at: G4225 Miller Rd #190, Flint, MI 48507 and Marshall Deterding, Esquire, Rose, Sundstrom & Bentley, LLP, 2548 Blairstone Pines Drive, Tallahassee, Fl. 32301 refer to the following in your correspondence: "Application of East Marion Sanitary System, Inc., Docket No. _____".
